

TerraCycle was founded in 2001 by Tom Szaky who was on a mission towards Eliminating the Idea of Waste®. TerraCycle works with more than 100 major brands in 25 countries to collect used packaging and products that would otherwise be destined for landfills, including packaging waste from cleaning items. TerraCycle® and Natures Organics® are committed to finding a new life for this waste by recycling all beauty, cleaning and laundry triggers, pumps, taps and other waste into new unique products, like this upcycled gift bow.

# NATURES ORGANICS® GIFT BOW

Give your packaging another go and create an upcycled gift bow!

## MATERIALS

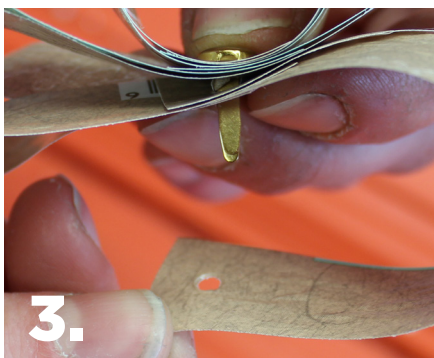

- 1 SMALL PRE-CUT PACKAGING STRIP
- 2 MEDIUM PRE-CUT PACKAGING STRIPS
- 3 LARGE PRE-CUT PACKAGING STRIPS
- 1 PAPER FASTENER

1. Create a loop with the shortest piece and insert the paper fastener through the punched holes.

2. Take the second shortest piece and poke the paper fastener through the center hole. Then, loop the holes on each end onto the paper fastener.

3. Repeat step two for all of the remaining pieces, starting with the medium-sized piece and then using the three large-sized pieces.

4. Secure the back of the bow by opening the ends of the paper fastener. Spread out the loops of the bow and this project is a wrap!
