

Food wrapper wallet

Upcycle your wrappers into this unique wallet.

Skill Level:

Time:

Materials

food wrapper at least 7" by 7"
wallet template
scissors
Velcro® tab
clear tape
pen or marker

Instructions

1

Print and cut out the wallet template. Place the template on top of your food wrapper and trace around the outside edge with a pen or marker. Cut along the line you drew.

2

Fold in at the notches.

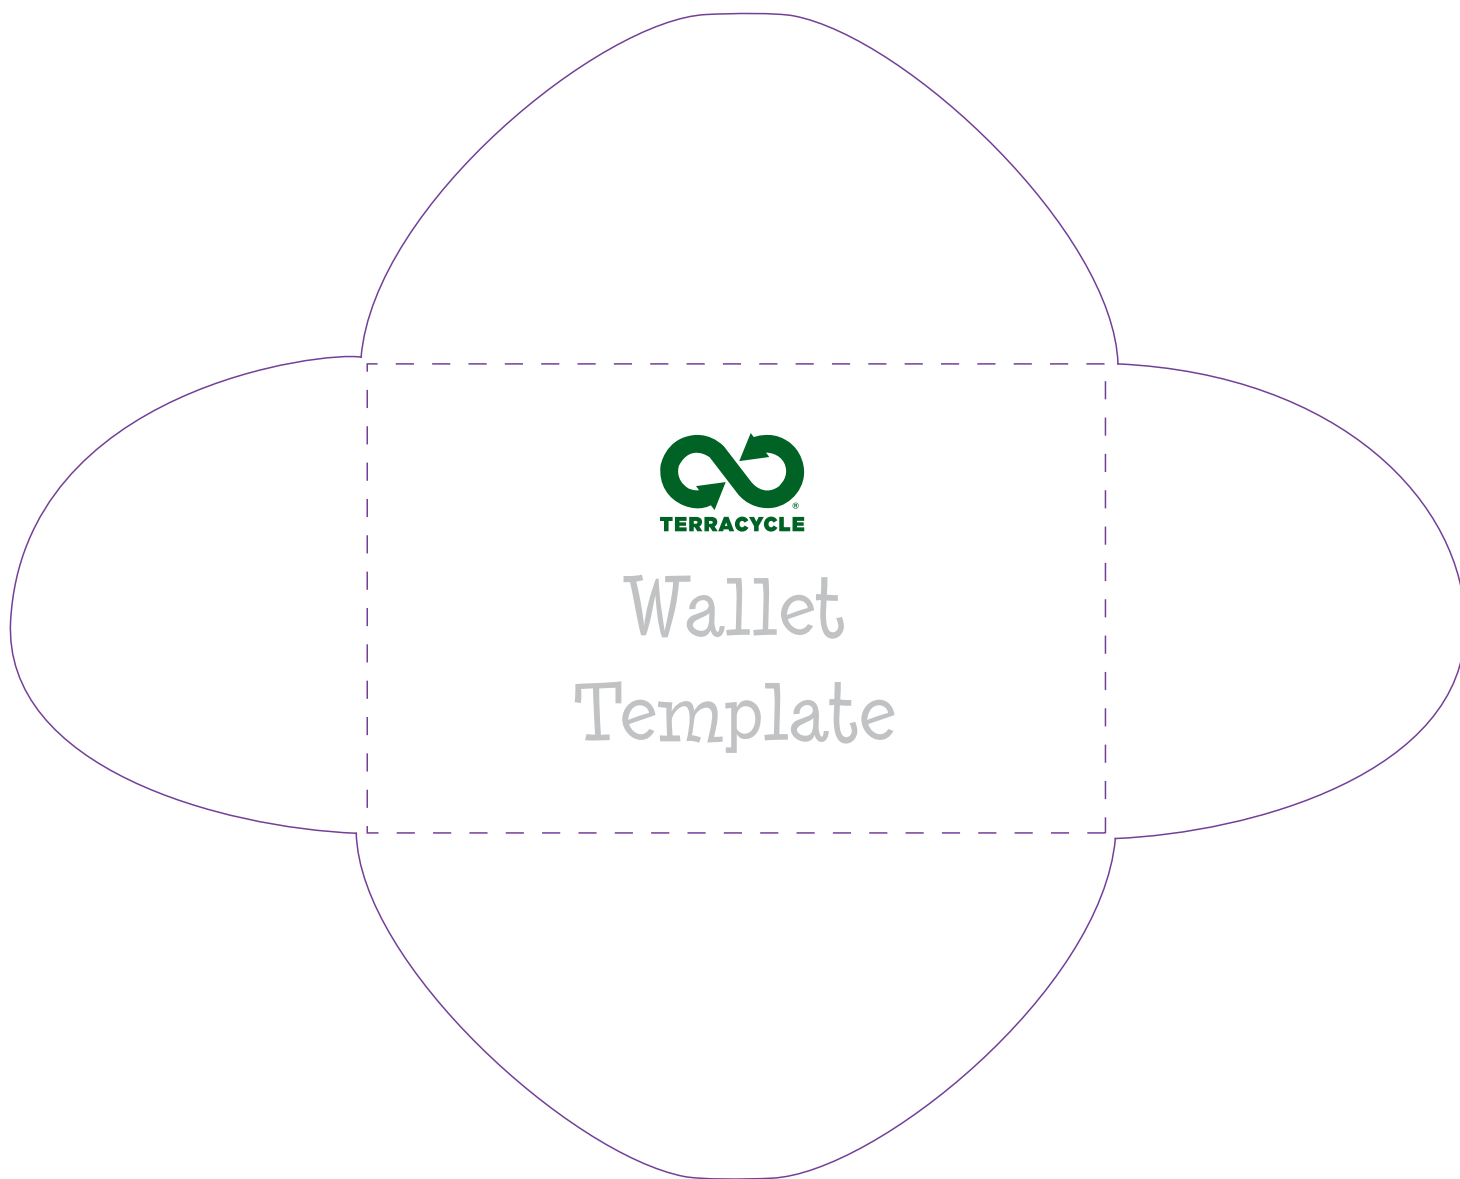

3

Tape the bottom flap to the 2 side flaps.
Tip: The top flap is technically a bit longer, but the wallet will still work the same if you flip the top and bottom.

4

Add a velcro tab to the top flap and line up the other half of the velcro with the bottom. And you're done!

If you have completed this project and still have more wrappers to upcycle, be sure to sign up for the TerraCycle Brigades at www.terracycle.net and send them in. These items will be transformed into new products, and better yet, your collection will earn money for your favorite charity!
