

OPEN FARM™ COLLAPSIBLE PET BOWL

OPEN FARM™
COLLAPSIBLE PET BOWL

OPEN FARM™ COLLAPSIBLE PET BOWL

Bring along this portable dish for water on the go!

MATERIALS

- Empty pet food bag
- 4 Velcro tabs

TOOLS

- Scissors
- Pen or marker
- Ruler

START!

STEP 1 Start with a clean pet food bag. Flatten out the package and measure the width. Measure and mark lines on both ends to make the length of the wrapper the same size as the width. A 10" square or smaller will probably work best. Cut along your marked lines.

STEP 2

Mark a border 2" from the edge along each side of the square. Fold and crease firmly along this line. Unfold and flatten it.

STEP 3

Fold up two sides at one corner of the square. Make a diagonal crease from the corner to the folded border creating an upright triangle. Repeat this for all corners, then unfold them.

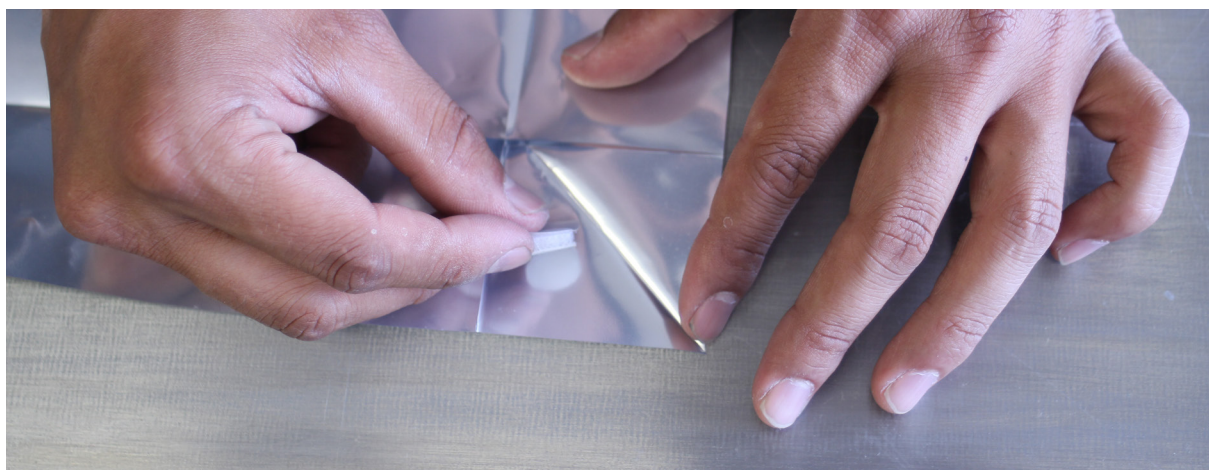

DESIGN TIP:

Make sure all of your creases are super crisp, using a straight edge, to ensure a well-shaped bowl.

STEP 4

Take the Velcro tabs, unfasten them, and stick each one on either side of the corner of the square, one per triangle. Make sure that they will line up when fastened.

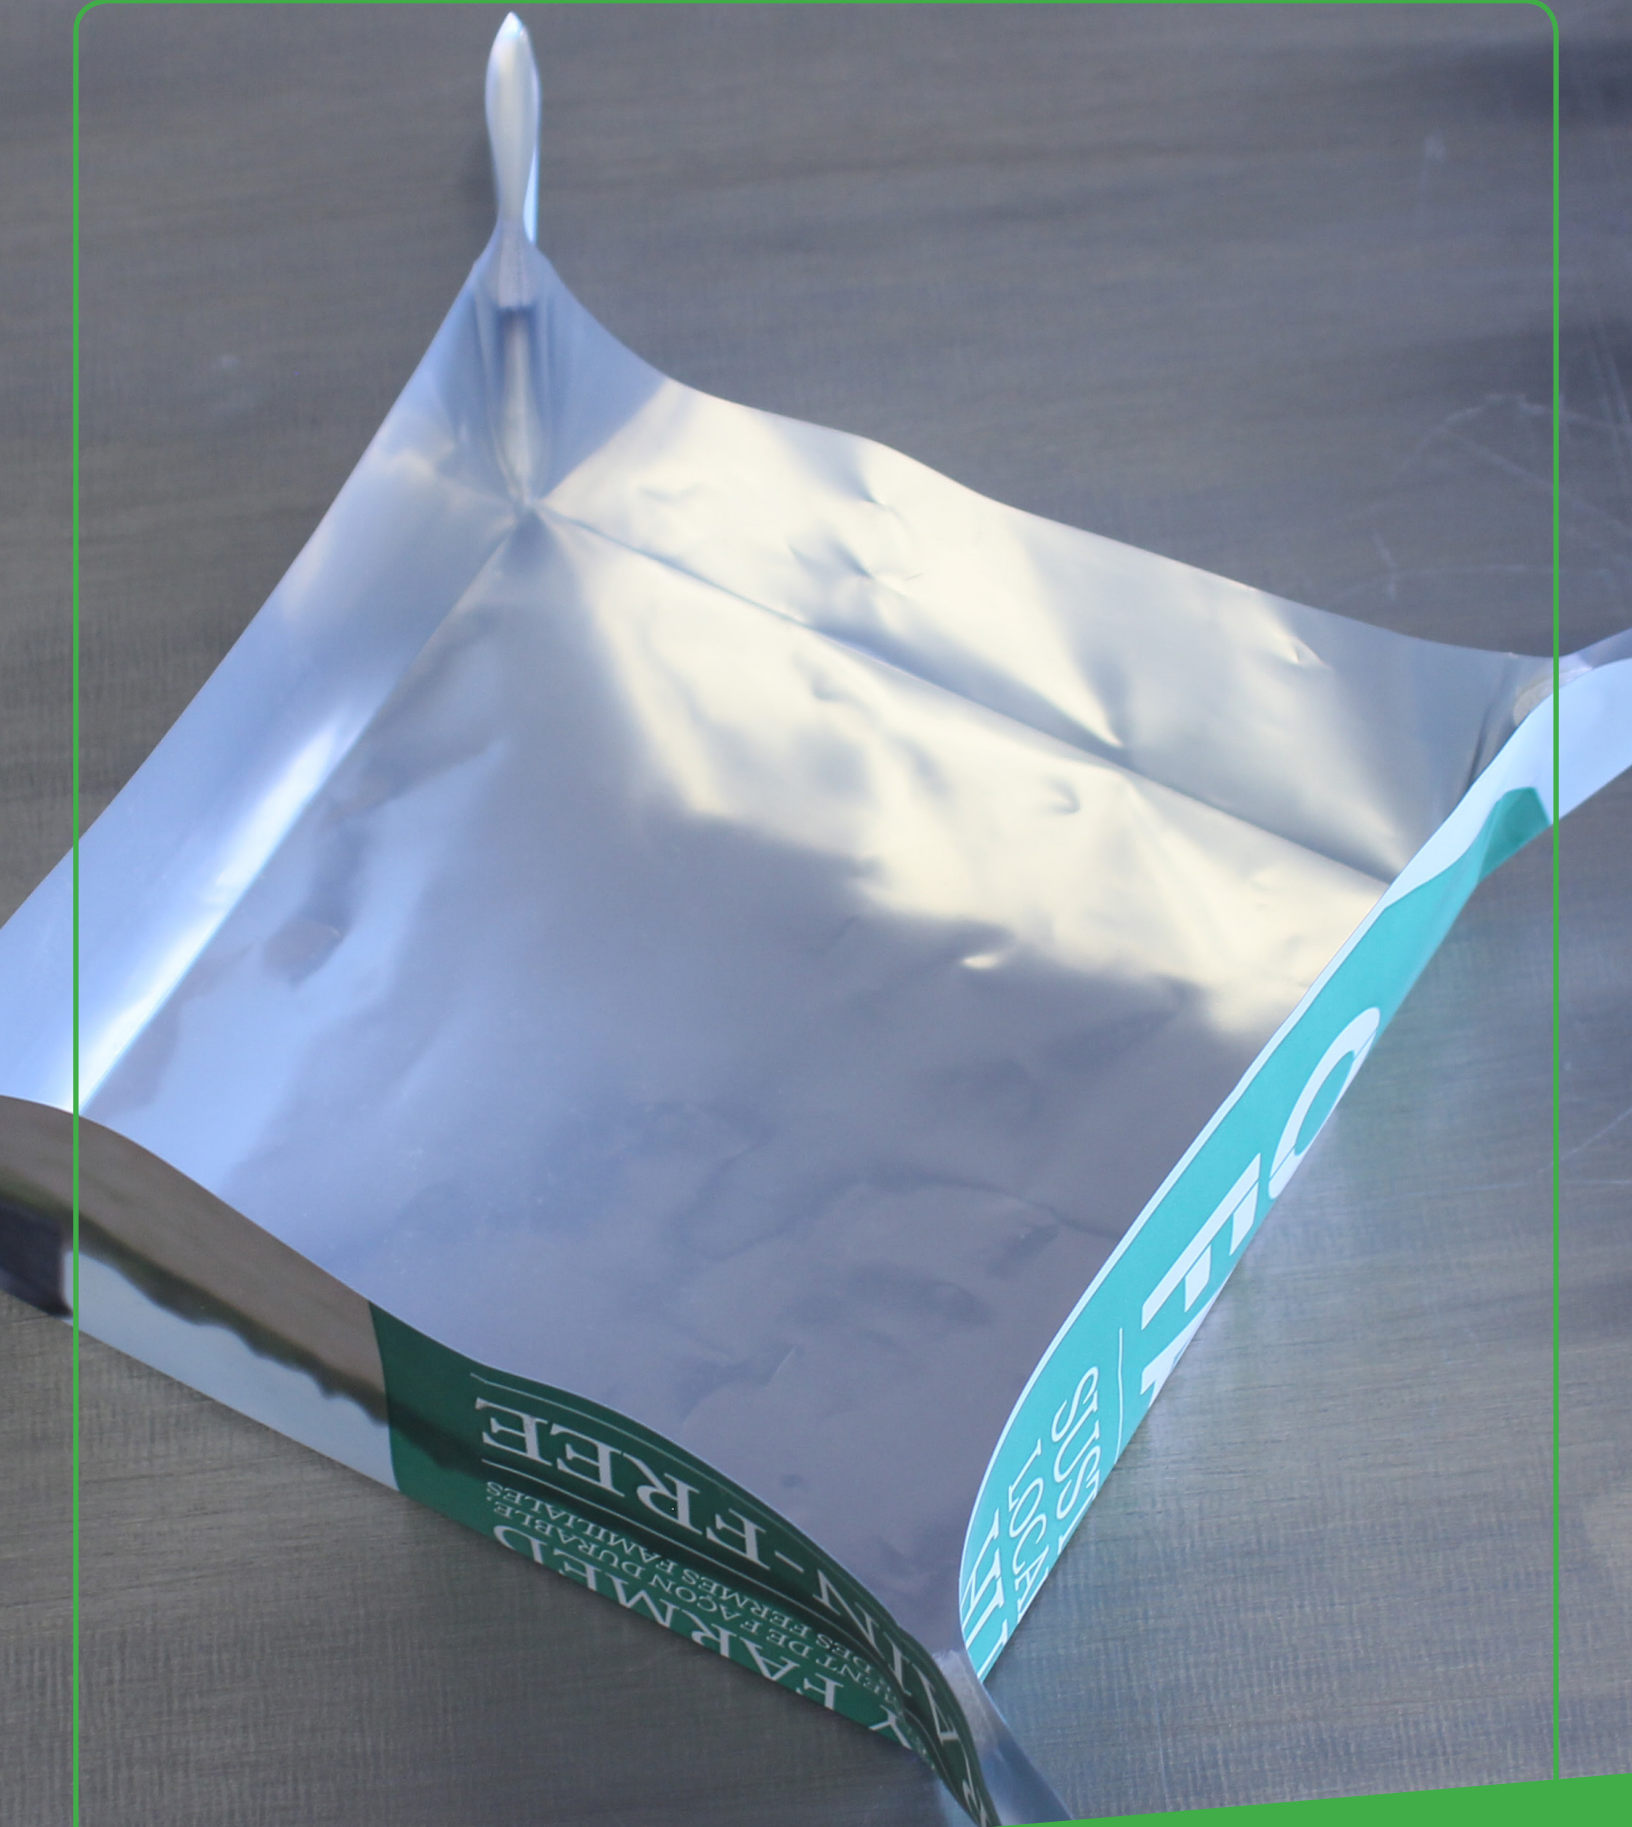

STEP 5

Fold up the bowl at the corners and press the hook and loop fasteners together. You are ready to dish up your pet's favorite snack in your new bowl!
