

Zero Waste Box™ Accepted Waste Guidelines

The purpose of this document is to provide TerraCycle customers a detailed overview of the accepted waste for each TerraCycle Zero Waste Box™ available for sale on our website. The guidelines include the following information for each product:

- **Zero Waste Box™ Name:** name of product, listed alphabetically. Note the name of the box may vary depending on region.
- **Waste Stream Practical Description:** outlines the types of material and products accepted for the associated Zero Waste Box™.
- **Waste Stream Technical Description:** provides a more detailed summary of material composition and specific polymers recycled for the associated Zero Waste Box™.
- **Restrictions:** outlines any specific material not accepted for a given Zero Waste Box™.

REGARDING HAZARDOUS MATERIAL: It is the responsibility of the customer as the waste generator to ensure that the waste sent to TerraCycle complies with the accepted guidelines and applicable, local regulation. TerraCycle does not accept any regulated or hazardous waste for recycling, unless otherwise specified.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
#6 Rigid Plastic Cups - Zero Waste Box™	Empty and Used #6 plastic cups, Polystyrene disposable cups.	Empty and Used Disposable drink cups made of thermoplastic polystyrene (PS).	Does not accept other types of beverage containers, such as, drink pouches, drink boxes, yogurt cups, or any other food packaging, such as, plastic bags or plastic containers. Does not accept heavily soiled, contaminated, or biodegradable materials.
3D Printing Materials - Zero Waste Box™	Used Thermoplastic ABS 3D printing spools or printing scrap	Used Thermoplastic 3D printing materials made of acrylonitrile butadiene styrene (ABS)	Does not accept other thermoplastics, compostable plastics (e.g., PLA, PHA, PHV, PHB, etc.), 3D printer parts, 3D printers, electronics, printer cartridges, bamboo, wood, or paper materials.
All-in-One - Zero Waste Box™	Any brand Beauty Products and Packaging, Beverage Capsules, Tea Discs and Coffee Bags, Contact Lenses and Packaging, Crisp Packets, Snack Packaging and Sweet Wrappers, Dairy Tubs and Lids, Drink Pouches, Fabrics and Clothing, Liquid Sachets and Flexible Packaging Pouches, Mobile Phone Accessories, Oral Care Waste and Packaging, Pet Food Packaging, Plastic Cards, Plastic Packaging, Plastic Shoes and Sandals, Single Serve Beverage Packs, Vitamin Bottles	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty items made of cellulose fiber (e.g., paper) soda lime glass, and textiles consisting of synthetic and natural fibers, and metals.	Does not accept any kind of electronics, light bulbs, batteries, hazardous material, regulated waste (e.g., pressurized canisters, lithium-ion batteries, light bulbs, oil-based paint, solvents and pesticides), organics, broken glass, soiled diaper, biodegradable materials. Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (e.g., belts, jewelry, etc.). Coated fibers, leather, fur are not accepted.
Art Supplies - Zero Waste Box™ Arts and Crafts Waste - Zero Waste Box™ Creative Leisure Waste - Zero Waste Box™	Any Brand of used and empty art supplies including, synthetic brushes, empty flexible plastic paint tubes, plastic bottles, plastic watercolor palettes, easels, markers, pens, or tape dispensers.	Brushes made of polyamides (Nylon), polyolefins (PP, PE), polystyrene (PS). Empty flexible tubes made of PE, PP, and Aluminum. Palettes made of PP, PS. Plastic easels made of PP, PE, PS, acrylonitrile butadiene styrene (ABS). Pens and markers made of PP, Cellulose Acetate, metal, Nylon. Tape dispensers made of PS, PP, PE.	Does not accept office supplies, such as, hole punchers, staplers, paper cutters. Does not accept wood, crayons, charcoal, natural soap, paint, solvents, flammable substances, or sharp objects.
Athletic Balls - Zero Waste Box™ Sports Balls - Zero Waste Box™	Any brand and size of sports ball. This includes tennis balls, baseballs, softballs, wiffle balls, basketballs, golf balls, dodge balls, racquetballs, soccer balls, footballs, bowling balls, ping-pong balls, and foam balls.	Athletic balls made of natural and synthetic rubbers, polyester fibers, Nylon, Urethane, Polyethylene, nitrocellulose, camphor, Expandable Polystyrene, Foamed PE. Does not accept balls that consist of thermoset materials, or resin based balls, racquets, mitts, bats, helmets, paddles.	Does not send in other types of athletic gear like racquets, mitts, gloves, bats, helmets, nets, clubs, or paddles.
Baby Food Pouches - Zero Waste Box™ Food Bottles - Zero Waste Box™ Single Serve Beverage Packs - Zero Waste Box	Any brand of empty flexible plastic baby food pouches.	Pouches made of multi-layer thermoplastic polymers classified in the group of: polyolefins, polyesters, polyvinyl, and polyamides; may include thin Aluminum layer.	Does not accept heavily soiled, contaminated, or biodegradable materials.
Baby Gear - Zero Waste Box™ Baby Equipment - Zero Waste Box™	Any brand of empty, non-electronic baby care items, including, small or collapsable baby gear (e.g., play tables, play chairs, changing tables, diaper pails, security gates, booster seats, training potties, baby stools, baby steps, toy organizers, bouncers, jumpers, mobiles and swings), feeding bottles, pacifiers & teething, play mats, bottles, bottle caps and collars, sippy cups, plastic dishware and utensils, non-electric breast pumps, pacifiers, small plastic toys, teething rings and plastic bibs.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of fabrics (without polyfill), soda lime glass, synthetic rubber, foamed polymers, and metals.	Does not accept other types of baby-related waste, such as diapers, light bulbs, electronics, batteries, hazardous material, organics, broken glass, heavily soiled items, or compostable plastics. Does not accept bibs, towels, furs, cloth diapers, or textiles that contain filling (pillows, coats, blankets).
Backpacks - Zero Waste Box™	Any brand and size backpacks and knapsacks, including, school backpacks, professional backpacks, briefcases, wheeled backpacks, hiking backpacks, messenger bags, and drawstring bags.	Used and empty backpacks made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal; and metals.	Does not accept luggages, leather (satchels, backpacks, purses), school supplies, bottles, hiking gear, heavily soiled, contaminated or hazardous materials.
Bathroom Separation - Zero Waste Box™	Any non-electric bathroom items, including, Cleaning Accessories, Bath And Shower Accessories, Flexible And Rigid Plastic Packaging, Storage Containers, Personal Care Accessories, Paper Packaging, non-prescription Blister & Bottle Packaging, Fabrics & Clothing"	Used and empty bathroom items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of metals, cellulose or kraft fibers, soda lime glass, and textiles consisting of synthetic and natural fibers.	Does not accept leather, luggages, prescription drug packaging, biomedical waste or sharps, aerosols, perfumes, nail polish, acetone, paints, solvents, paper towels, any organic waste, electronics, batteries, lithium-ion batteries, light bulbs, wood, bamboo, biodegradable plastic, and heavily soiled, contaminated or hazardous materials. *Textiles may not contain filling (pillows, coats, blankets).
Beauty Products and Packaging - Zero Waste Box™ Cosmetics Packaging - Zero Waste Box™ Hair and Body Care Accessories - Zero Waste Box™ Bubble Skincare Packaging Recycling Solution Mad Hippie Packaging Recycling Solution Nativa SPA Packaging Recycling Solution Timeless Skin Care Recycling Solution	Any brand empty personal care, beauty care, skin care, hair care, or cosmetic packaging, flexible plastic, multilayered flexible packets, pouches, sachets, flexible plastic tubes, multilayered tubes, aluminized tubes, rigid plastic, pots, pump bottles, spray bottles, jars, complex closures, plastic bottles, lip balm tubes, soap dispensers, body wash bottles, lotion dispensers, caps, shampoo and conditioner bottles, hair gel tubes, triggers, mixed rigid packaging, lipstick cases, lip gloss tubes, mascara tubes, eye shadow cases, bronzer cases, foundation packaging, powder cases, eyeshadow tubes, concealer tubes, concealer sticks, glass containers, metal containers.	Used and empty beauty products and packaging items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of soda lime glass or metals.	Does not accept aerosols, pressurized cans, electronics (e.g., blow dryers, straighteners, etc.), perfume bottles, nail polish bottles, solvents, wooden eyeliner pencils, partially full / full packaging (e.g., tubes, jars and containers filled with nail-polish, lotion, skin creams, etc.), cardboard, wood, bamboo, biodegradable, heavily soiled, contaminated, or hazardous materials.
Bedroom Separation - Zero Waste Box™	Any non-electric bedroom items including, Luggage & Travel Bags, Eyewear & Jewelry, small Baby Gear items, Plastic Packaging, Cleaning Accessories, Personal Care Accessories, Paper Packaging, Fabrics & Clothing", non-organic Pet Products, and Books & Magazines.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of metals, cardboard, paper, and natural or synthetic fibers.	Does not accept other bedroom waste, including, shoes, aerosols, perfumes, nail polish, chemicals, solvents, paper towels, any organic waste, electronics, batteries, lithium-ion batteries, light bulbs, wood, bamboo, biodegradable plastic, and heavily soiled, contaminated or hazardous materials. *Textiles may not contain filling (pillows, coats, blankets).
Biodegradable Plastic - Zero Waste Box™	Any brand biodegradable or compostable plastic products, including, PLA cups, knives, forks, spoons, bowls, and plates.	Disposable products made of compostable PLA, starch-based, bacteria-based, and soy-based compostable resins.	Does not accept organic substances (e.g., food waste, plants, soil, mulch, etc.), non-biodegradable plastic, paper or wood compostables.
Break Room Separation - Zero Waste Box™	Any non-electric break room waste items, including coffee and tea accessories (non-paper filters, tea strainers), non-biodegradable plastic dining disposables (plastic cutlery, plastic and foam cups), flexible and rigid plastic packaging (containers and bags), non-coated paper packaging, single serve coffee pods/capsules.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, elastomers, polyesters. Also used and empty items made of Aluminum, including multilayered films.	Does not accept cellulose based products and coated paper (napkins, paper towels, paper plates, tissues, coated paper packaging), electronics (unwashed coffee makers, appliances), hardware, wood, bamboo, biodegradable plastic, heavily soiled, contaminated or hazardous materials.
Candy and Snack Wrappers - Zero Waste Box™ Crisp Packets, Snack Packaging and Sweet Wrappers- ZWB Fullgren Packaging recycling program Candy, Biscuit and Snack Packaging - Zero Waste™ Box Soft Plastics Waste - Zero Waste Box™	Any brand empty, mixed flexible plastic packaging, candy and snack flexible packaging or wrappers.	Empty packaging made of flexible multilayered thermoplastic polyolefins (PP, PE), polyester (PET, PES), polyamides (PA, nylon); heavy gauge Aluminum metal. Multilayered flexible packaging that contains <40% Aluminum layer.	Does not accept paper-based wrappers, wood sticks, blister packs, food waste, or cardboard master cartons (which are typically recyclable at curbside). Does not accept heavily soiled, contaminated, or biodegradable materials.
Centrifuge Tubes & Rigid Lab Plastics - Zero Waste Box™	Any brand of empty and non-hazardous rigid lab plastics, including centrifuge tubes, plastic bottles, trays, vials, and beakers.	Empty and non-hazardous items made of thermoplastic polymers classified in the group of: polyolefins, polyesters, and polyvinyl.	Does not accept any bio-hazardous waste plastics such as, medical waste heavily soiled or contaminated (hazardous) material; including, materials contaminated with blood or bodily fluids, materials that originate from health care activity, such as activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc., or partially full containers, tubes, bottles, sharps, broken beakers, broken vials.
Cleaning Supplies and Accessories - Zero Waste Box™	Empty non-hazardous cleaning items and packaging, including: plastic brooms, mops, buckets, synthetic dry cleaning pads, synthetic wet cleaning pads, dust pans, empty spray bottles, empty detergent bottles and nozzles, empty cleaning product bottles, lid tops, and dryer sheets.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polyacrylics, polyamides, polyesters. Also used and empty items comprised with metals.	Does not accept aerosol cans, solvents, other household materials, such as, drain cleaners, oven cleaners, toilet cleaners, disinfectant, degreasers, all-purpose cleaners, detergents, bleach, fabric softeners, wood, bamboo, or any biodegradable, heavily soiled, contaminated, or hazardous materials.
Coffee and Tea Accessories - Zero Waste Box™	Any coffee or tea associated items or packaging, including: coffee canisters, frothing pitchers, coffee measures, disc carousels, filters, carafes, non-electrical grinders, coffee presses, decanters, tea tools, tea pots, non-electrical tea makers, tea strainers, and cleaning brushes.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, polyesters. Also used and empty items made of metal.	Does not accept any coffee capsules, coffee discs, electronics (e.g., coffee makers), organics (e.g., coffee grounds, tea bags), biodegradable, heavily soiled, contaminated, or hazardous materials.
Coffee Bags - Zero Waste™ Box Soft Coffee Packaging - Zero Waste™ Box Coffee Capsules - Zero Waste Box™ Hot Beverage Capsules - Zero Waste Box™ Hot Drink Capsules - Zero Waste Box™ Beverage Capsules - Zero Waste Box™	Any brand and size of empty coffee bags. Any brand or size coffee capsule, K-Cup®, pack, pod, or disc. The capsules do not need to be emptied or cleaned.	Flexible plastic packaging made of polyolefins, polyesters, nylon, and aluminum foil. Beverage Capsules made of rigid thermoplastics polyolefins, and metal; flexible thermoplastics polyolefins, multilayers and coffee ground.	Does not accept any other types of coffee packaging or waste (e.g., coffee grounds, filters, capsules, or discs), biodegradable, heavily soiled, contaminated, or hazardous materials. Does not accept any other types of beverage waste, loose coffee, coffee grinds, tea bags, electronics, coffee accessories, biodegradable, heavily soiled, contaminated, or hazardous materials.
Contact Lenses and Packaging - Zero Waste Box™	Any brand of contact lenses, contact lens packaging, plastic film, pods, and solution bottles.	Contact lens packaging made of thermoplastic polyolefins, aluminum foil, polyesters, contact lenses made of silicone, and empty rigid plastic packaging made of Thermoplastic Olefins, Polystyrene, Polyester.	Does not accept cardboard packaging, biodegradable, contaminated, or hazardous materials.
Dairy Tubs and Lids - Zero Waste Box™	Any brand and size of dairy tub and lid, including tubs used for yogurt, sour cream, cheese, cream cheese, butter, margarine, whipped topping, and pudding, lid foil tops, and plastic seals.	Tubs and lids made of thermoplastic polyester, polyolefins, polystyrenes, and top or seal packaging made of polyolefins, polyesters and aluminum.	Does not accept fruit cups, plastic food storage bags, pressurized aerosol cans or containers, biodegradable, heavily soiled, contaminated, or hazardous materials.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
Dental Aligners, Plastic Aligner Cases, Flexible Packaging Spotlight Oral Care Aligners Free Recycling Program Dental Aligners	Any brand used Dental Aligners, Plastic Aligner Cases, and Flexible Packaging.	Dental aligners made of polyethylene terephthalate glycol (PET-G), polypropylene (PP), polycarbonate (PC), thermoplastic polyurethanes (TPU), ethylene-vinyl acetate (EVA), epoxy-acrylic resins. Rigid plastic aligner cases made of Thermoplastic Olefins, Polyesters, Polystyrenes, Acrylics, polyacetals, Nylon, polycarbonates. Flexible plastic packaging made of thermoplastics polyolefins, polyesters, multilayers.	Does not accept biodegradable plastic, cardboard, wood, bamboo, metals, or electronic oral care products.
Diaper and Wipe Packaging - Zero Waste Box™ Synthetic Disinfectant Wipes - Zero Waste Box™	Any brand and size of empty diaper packaging and wipes packaging, including plastic diaper packaging, wipes plastic packaging, and individual wipes packaging.	Empty thermoplastic packaging made of polyolefins, polyvinyl, polyesters, polyamides, and aluminum foil.	Does not accept diapers, wipes, menstrual product packaging, adult incontinence packaging, biodegradable, contaminated, or hazardous materials.
Dining Disposables and Party Supplies - Zero Waste Box™	Any party and decoration item or packaging, including: single-use cups, plates, straws, or utensils (e.g., plastic, Styrofoam), storage containers, wrapping paper, ribbons, bows, tissue paper, napkins, garlands, noise makers, party favors, punch bowls, balloons, and confetti packaging.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyesters, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers. Also used and empty items made of metal or paper.	Does not accept electronics, organic waste, glassware, flatware, wood, bamboo, biodegradable, heavily soiled, contaminated, or hazardous materials.
Disposable Garments - Zero Waste Box™	Any brand and size of non-woven disposable garments, including: Non-woven disposable garments, non-woven disposable masks, Tyvek disposable garments.	Non-Woven garments made of polypropylene (PP), polyethylene (PE). Zippers or fasteners made of Nylon, PP, PE, and metal.	Does not accept other types of protective gear (e.g., reusable masks, eyewear, hard hats, respirators, etc.), fabrics, rubber-based garments, biodegradable plastics, medical waste, heavily soiled or contaminated (hazardous) material including materials contaminated with blood or bodily fluids, materials that originate from health care activities, such as, activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc.
Disposable Gloves - Zero Waste Box™	Any brand disposable vinyl, nitrile, and latex gloves only.	Disposable gloves made of non-woven thermoplastic polyolefins (PP, PE), nitrile, latex, vinyl.	Does not accept leather, fiberglass fibers, biodegradable fibers, other types of protective gear, such as, hair nets, earplugs, and lab coats or garments. Does not accept biodegradable PLA gloves, cloth/fabric gloves, and coated or dipped gloves. Does not accept medical waste, heavily soiled or contaminated (hazardous) material including materials contaminated with blood or bodily fluids, materials that originate from health care activities such as, activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc.
Disposable Masks - Zero Waste Box™ Disposable Protective Masks - Zero Waste Box™ Masks - Zero Waste Box™	Any brand non-woven disposable plastic-based masks, including 3-ply surgical, dust masks, KN95, N95 masks, and poly masks.	Disposable masks made of non-woven polypropylene (PP, PE), thermoplastic polyurethane (TPU), nitrile rubber, latex rubber, and metals.	Does not accept other types of protective gear, such as, gloves, hair nets, lab coats, garments, paper or cloth masks. Does not accept medical waste, heavily soiled or contaminated (hazardous) material, including materials contaminated with blood or bodily fluids, materials that originate from health care activities, such as, activities related to medical care, physicians, dental, blood banks, veterinary, research laboratories, etc.
Drink Pouches - Zero Waste Box™ Fuel For Fire Packaging Gush Recycling Program Haven's Kitchen Packaging Recycling Solution White Leaf Packaging Recycling Solutions	Any brand aluminized, multilayer drink pouches.	Pouches made of multi-layer thermoplastic polyolefins (PE, PP), polyesters (PET), Aluminum foil, copolymers (EVA, EVOH), or Nylon.	Does not accept heavily soiled, contaminated, or biodegradable materials.
Ear Plugs - Zero Waste Box™	Any brand and size ear plugs.	Ear plugs made of foamed thermoplastic polyurethanes, synthetic rubber, polyvinyl, and silicone.	Does not accept hair nets, gloves, lab coats, garments, heavily soiled, or contaminated materials.
Empty Blister Packs - Zero Waste Box™ Blister Packs	Any brand empty blister packaging, blister packs, over-the-counter blister packaging	Empty blister packaging made of rigid thermoplastic polyolefins (PE, PP), polyesters (PETG, PET), polyvinyl chloride (PVC), Aluminum foil layers. Does not accept any residual medicine, prescriptions, biodegradable, or contaminated (hazardous) materials.	Does not accept any residual medicine, prescriptions, biodegradable, or contaminated (hazardous) materials.
Eyewear - Zero Waste Box™ Glasses - Zero Waste Box™	Any brand and size of glasses, goggles, sunglasses, or other eye wear. This includes broken spectacles, sunglasses, glasses, ski goggles, safety glasses and swim goggles.	Used eyewear made of thermoplastic polymers classified in the group of: cellulosic acetate, polyolefins, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, polyacetals and metals.	Do not send in eyeglass chains, cases, wipes, contacts, contact solution, or eye wear cleaning products.
Fabrics and Clothing - Zero Waste Box™ Textiles & clothing - Zero Waste Box™	All brands fabric, clothing or textile.	Clothing Textiles, and Fabrics made from synthetic and natural fibers that may have zippers, buttons and magnets.	Does not accept liners, shoes, purses, bags, hats, accessories (e.g., belts, jewelry, etc.), coated fibers, leather, fur and textiles may not contain filling (e.g., pillows, coats, blankets).
Filters - Zero Waste Box™	Any brand and size of water filters, filtered water pitchers, bottles, faucet filtration systems, and dispensers.	Water filters made of PP, Activated Carbon	Do not send in any other types of filters, cardboard packaging, drains, pipes, or PVC pipes, hazardous waste (sharp, flammable, reactive, corrosive, ignitable, toxic, infectious or pathogenic) which presents a danger to the environment or to people, batteries, pressurised canisters, broken glass and medical waste.
Foil Balloons - Zero Waste Box™	Used Foil Balloons	Used foil balloons made from thermoplastic multilayer polyolefins and aluminum.	Does not accept other party supplies (e.g., glassware, flatware, disposable utensils), electronics, wood, bamboo, biodegradable, heavily soiled, contaminated, or hazardous materials.
Garage Separation - Zero Waste Box™	Non-recyclable and non-organic waste that is generated in your garage and outdoor areas. This includes baby gear, filters, garden products, home improvement, storage containers, paper packaging, pet products (non-food), plastic packaging, shipping materials, and sporting goods.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass.	Do not send wood, compostable plastic, contaminated material, hazardous material, batteries, tools, lamps, bulb, electronic waste.
Garden Products - Zero Waste Box™	Any materials, supply, or items used to maintain, grow, or decorate a garden or yard. This includes lawn ornaments, planter pots, empty garden product packaging, hoses, hose nozzles, lawn decorations, sprinklers, plastic planters and pots and garden product packaging like empty soil bags, stone bags, mulch bags, seed bags, or sand bags.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, polyacetal, metals.	Do not send wood, compostable plastic, contaminated material, hazardous material, batteries, tools, lamps, bulb, electronic waste. Do not send in soil, brush, debris, or plants. terracotta and ceramic pots.
Glue Sticks and Bottles - Zero Waste Box™	Any brand and size of (empty) craft glue sticks and bottles.	Empty used glue sticks and bottles made of thermoplastic polyolefins, Polyethylene terephthalate.	Do not send in industrial strength adhesives or other types of craft waste like paper, scissors, tape, or rulers. Do not send full products.
Hair Nets and Beard Nets - Zero Waste Box™	Any brand and size of used hair and beard nets.	Hair nets and beard net made of Polypropylene, Polyethylene, Synthetic Rubber.	Do not send in gloves, lab coats, or garments. Do not send contaminated or hazardous material.
Hair Nets, Beard Nets and Ear Plugs - Zero Waste Box™ Mixed Beard Nets, Earplugs and Hair Nets - Zero Waste Box™	Any brand and size of used hair nets, beard nets, and ear plugs.	Hairnets and beard net made of Polypropylene, Polyethylene, Synthetic Rubber. Ear Plugs made of thermoplastic PU, Silicone, Foamed PVC.	Do not send in gloves, lab coats, or garments. Do not send in medical waste or contaminated material. Not accepted: respirators, reusable masks, eye wear.
Holiday Decorations - Zero Waste Box™	Holiday decorations including ornaments, wrapping paper, streamers, confetti, tinsel, garlands, ribbons, bows, balloons, banners, centerpieces, party hats, party blowers, plastic party glasses, costume masks, plastic pumpkins/figurines/flowers, and other decorations used for celebrations.	Used Holiday decorations, party items, and decorations for celebrations made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used item made of metal or soda lime glass.	Please do not send in batteries, electronics, light bulbs, organics, broken glass, contaminated or hazardous waste.
Hotel Amenity Bottles - Zero Waste Box™ Hospitality Products and Hotel Cosmetics - Zero Waste™ Box	All brands and sizes of hotel amenity shampoo, conditioner, body wash, lotion, mouthwash, and aftershave bottles.	Used and empty amenities made of thermoplastic polyolefins, Polyethylene terephthalate or polystyrene.	Do not send in full products, bars of soap, razors, plastic packaging, toothbrushes, tissues, wood, compostable plastics or pressurized aerosols.
Industrial Safety Equipment - Zero Waste Box™ Industrial Protective Equipment - Zero Waste Box™	Any used Industrial Safety Helmets, Safety Bump Caps, Hi-vis Jackets, Heavy-duty gloves, Ear Defenders, Protective Eyewear (goggles)	Industrial safety helmets made of PolyCarbonate, ABS, PS, Silicone, Polyester tape. Hi-vis jackets or vests that are made of Nylon, UHMWPE, Urethane, Elastane, Polyester, Spandex. Heavy-duty gloves made of Nylon, Polyester, Elastane, PVC, Acrylic, Nitrile, Foamed PVC, HPPE, Sandy Nitrile. Ear defenders made of polyvinyl chloride (PVC), thermoplastic polyurethane, polycarbonate (PC), polyester (PET), rubber, foam, silicone, artificial leather, metal. Protective eyewear (goggles) made of rigid thermoplastics polyolefins, Polycarbonates, polystyrene plastics, elastomers, polyacrylics and polymethacrylates, polyacetals (POM) and metal.	Do not send fabric work gloves with an anti-slip layer, suede, leather, or biodegradable PLA gloves, disposable face masks, safety footwear, hazardous waste (sharp, flammable, reactive, corrosive, ignitable, toxic, infectious or pathogenic) which presents a danger to the environment, or to people, batteries, pressurized canisters, broken glass, or medical waste.
Kitchen Separation Kitchen Waste - Zero Waste Box™	Any non-recyclable and non-organic waste that is generated in the kitchen. This includes items such as plastic packaging, paper packaging, candy and snack wrappers, party supplies and dining disposables, cleaning accessories, coffee and tea accessories, water filters, and fabrics and clothing.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass, synthetic or natural textile fibers.	Do not send in any kind of bulbs, batteries, electronic waste, hazardous material, prescription drug packaging or medicine, organics, broken glass, soiled diaper. Do not send in wood, compostable plastics. Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (e.g. belts, jewelry, etc). Coated fibers, leather, fur are not accepted.
Liquid Sachets and Flexible Packaging Pouches HealthyCell Zero Waste	Used and empty Liquid Sachets and Flexible Packaging Pouches	Empty packaging made of flexible multilayered thermoplastic polyolefins (PP, PE), polyester (PET), polyamides (PA, nylon); aluminum. Rigid plastic packaging made of thermoplastic polyolefins (PP, PE).	Does not accept heavily soiled, contaminated, or biodegradable materials.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
Media Storage - Zero Waste Box™	Any object or device capable of storing data (e.g., audio, video) in analog or digital format. This includes records, 8-track tapes, cassette tapes, CDs, DVDs, Blu Ray discs, Floppy disks, Memory sticks, External hard drives.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals.	Do not send in electronic waste, or any other packaging.
Mobile Phone Accessories Cell Phone Accessories - Zero Waste Box™	Used Rigid and flexible plastics mobile phone cases and accessories	Used Mobile phone cases and accessories that are made of thermoplastic polymers classified in the group of: polyolefins, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, polyacetal, metals.	Electronics are not accepted. Wood is not accepted.
Name Tags and Lanyards - Zero Waste Box™ Name Tags & Cords - Zero Waste Box™	Name tags, plastic sleeves, metal or plastic fasteners, cloth or plastic lanyards.	Used Tags made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, elastomers, polyesters, metals.	Do not send in any credit cards, items with personal information unless it has been shredded or removed.
Office Separation Office Waste - Zero Waste™ Box	Used Offices Items which include art supplies, books, magazines, paper, eyewear, tape dispensers, scissors, staplers, school supplies, flexible and rigid plastic packaging, textiles	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. also used and empty item made of paper, soda lime glass, textile, metal or wood.	Do not send electronics, organics, contaminated or hazardous waste
Office Supplies	Used office supplies consisting of tape dispensers, staplers, paperclips, writing instruments, fasteners, binder clips, correction supplies, paper cutters, card filers, binders, desk organizers, label backing.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of metal.	Do not send electronic waste, paper-based products, organics, contaminated or hazardous waste.
Oral Care and Packaging Oral Care Waste and Packaging - Zero Waste Box™	Any brand of used and empty oral care waste. This includes toothpaste tubes and caps, toothbrushes, non-electronic toothbrush heads, toothbrush and toothpaste tube outer packaging, floss containers, and dental aligners.	Oral care empty products and packaging made of thermoplastic polymers classified in the group of: polyolefins, polystyrene plastics, elastomers, polyamides, terephthalate polyesters, polyacrylics and polymethacrylates, polyacetals (POM) and metal; flexible thermoplastics polyolefins, polyesters, multilayers; metal.	Do not send in electronic toothbrushes, lithium-ion batteries, alkaline batteries, wood, biodegradable, or hazardous materials.
Paint Brushes and Accessories and Related Waste - Zero Waste Box™	Any brand and size of plastic paint brushes, paint trays, and other painting tools.	Used and empty painting items made of thermoplastic polymers classified in the group of: polyolefins, polyesters, polyacrylics, polyamides; also, used and empty items made of metals.	Does not accept paint tarps, oil based paint buckets, varnish cans, spray paint, wood handle brushes, roller brushes. All excess paint must be removed from items.
Party Decorations - Zero Waste Box™	Decorations such as signs, banners, balloons, party hats, and table decorations.	Used and empty Party items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, elastomers, polyamides, terephthalate polyesters, and metal; metal or paper made of cellulose fibers.	Do not send in dining disposables like paper plates, cups, utensils, or organic waste, or any item that is curbside recyclable.
Personal Care Accessories - Zero Waste Box™	Any used and empty personal care accessory, including blow-dryer attachments (combs and diffusers), detangler bottles, gel packaging, hair dye packaging, non-pressurized hair spray bottles, pomade tins, shampoo and conditioner bottles, wax jars, plastic and metal bobby pins, plastic and metal clips, plastic brushes and combs, plastic picks.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, polycarbonates, elastomers, polyesters, metals.	Do not send in electronic items (e.g., blow dryers and straighteners), bio-medical or bio-hazardous waste, nail polish bottles, perfume bottles, lotion, soap, ointments aerosols, biodegradable, heavily contaminated, or hazardous materials.
Pet Food Packaging - Zero Waste Box™	Any brand and size of used, empty pouch, bag, box, or container used for packaging pet food, treats, and vitamins.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polyamides, polycarbonates, polyesters, metals.	Do not send in pet toys, dishes, or grooming items.
Pet Products (Non-Food) - Zero Waste Box™	Any brand used Pet accessories like non-plush (stuffed) toys, chews, tugs, clippers, leashes, muzzles, brushes, pet bowls, and any related pet care packaging for products used to groom, maintain, and wash pets.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, polyacetal, metals. Also used and empty item made of paper, soda lime glass, synthetic or natural textile fibers.	Do not send in wood, compostable plastics. Textiles may not contain filling (pillows, coats, blankets, bedding, stuffed toys), liners, shoes, purses, bags, hats, accessories (eg. belts, jewelry, etc.). Coated fibers, leather, fur are not accepted.
Plastic Bottle Caps - Zero Waste Box™	Any brand of plastic bottle caps	Plastic caps made of Polyethylene, Polypropylene.	Does not accept metal caps, glass bottles, plastic bottles, liquids, or other types of beverage packaging.
Plastic Bottles - Zero Waste Box™	Any brand and size of empty plastic bottle.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polyesters.	Do not send in glass bottles, metal containers.
Plastic Cards - Zero Waste Box™	Any wallet-sized flexible plastic materials and cards typically intended for identification or facilitating commercial transactions. Note: Please cut up all cards containing sensitive information before sending.	Shredded cards made of PVC, PP, Magnetic materials, PET, metal chip.	Do not send in metal cards or wallets.

Do not send in contaminated plastic bags (i.e. containing food waste, other type of non accepted waste), textile bags, Canvas Totes, Reusable Totes.
Plastic Packaging - Zero Waste Box™	Any flexible or rigid plastic packaging. This includes items such as: Air packaging Bubble wrap, Cereal bag liners, Food storage and takeout containers, Pallet covers, Plastic bottles, Plastic shopping bags, Plastic wrap, Shrink wrap.	Used and empty plastic flexible packaging made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, polyesters.	Do not send in biodegradable plastics, PLA plastics, plastic with paper stickers, glass, Wood packaging, Foamed Plastics and please remove food crumbs, food waste, and plastics with heavy contamination prior to sending.
Plastic Shoes and Sandals	Plastic Shoes and Sandals, Plastic Flip Flops, Plastic Jelly Shoes	Sandals which soles are made of synthetic rubber, EVA. Uppers made of Plastic and synthetics fibers that consist of Polyester, Nylon, Elastane.	Does not accept other footwear (e.g., Shoelaces, Socks, Fabric Shoes or Shoes containing Fabric, Leather Shoes or Shoes containing Leather) or hazardous waste.
Protective Eyewear - Zero Waste Box™	Protective eyewear, including swimming, tanning, and safety goggles.	Used protective goggles and glasses made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Metallic items are also accepted.	Do not send in other types of protective gear, industrial waste, sunscreen bottles, ear plugs, gloves, or lab coats and garments.
Safety Equipment and Protective Gear - Zero Waste Box™ Protective Equipment - Zero Waste Box™ Personal Protective Equipment - Zero Waste Box™ Disposable PPE - Zero Waste Box™	All brands and sizes of disposable safety equipment and protective gear. This includes items such as beard nets, disposable (latex, nitrile, and vinyl) gloves, ear plugs, disposable garments, disposable masks, hair nets, safety glasses and goggles.	Used disposable protective equipment made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal.	Do not send in coated gloves, coated overshoes or biodegradable PLA items. Do not send in medical waste. This includes material contaminated with blood or bodily fluids that originate from health care facilities, hospitals, physicians' offices, dental offices, blood banks, veterinary clinics, research laboratories, etc. Do not send in metallic items.
Shipping Materials - Zero Waste Box™ Parcel Shipping Equipment - Zero Waste™ Box Packaging Material - Zero Waste Box™	Any plastic shipping material used for packing and transport materials, including Shipping Peanuts, Packing Foam, Bubble Wrap, Deflated Air Cushions, Plastic Tape Dispensers, Stretch Wrap.	Empty shipping materials made of thermoplastic polymers classified in the group of: polyolefins, polyamides (Nylon), polyesters. Tape dispensers made of thermoplastic polyolefins, polystyrene and metal.	Does not accept cardboard & paper, padded envelopes, laminated paper-release liner from labels, and hazardous waste.
Sporting Goods - Zero Waste Box™	Any brand Cricket & Baseball Bats, Hockey Pucks, Skateboards, Frisbees & Boomerang, Sports Water Bottles, Cycling Accessories, Protective Sports Equipment, Skipping Ropes, Rackets & Sports Nets.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals.	Does not accept any plant-based or biodegradable plastics (e.g. PLA), bulbs, batteries, electronic waste, organics, broken glass, soiled diaper, wood, or hazardous materials.
Straws - Zero Waste Box™	Any used plastic straws.	Plastic straws made of PP.
