

TERRACYCLE®

DESIGNER COLLECTION BIN

DESIGNER COLLECTION BIN

This trash “can” be turned into a designer styled collection bin!

MATERIALS

- An assortment of chip bags
- Old trash can or bucket

TOOLS

- Pen or permanent marker
- Ruler
- Scissors
- Contact cement or rubber cement

PRO TIP:

A craft knife and cutting mat will give you a much cleaner and smoother edge.

START!

STEP 1 Start by determining what type of decoration you'd like on your collection bin. We used a stripe, but you can do a zig zag, polka dot, or other pattern. Then, measure and cut your desired shapes.

STEP 2

Use contact or rubber cement to affix your pieces. Brush on your glue to the food wrapper and also to the container. Place scrap paper under your food wrapper to avoid mess on your tabletop.

STEP 3

Wait until a few minutes for the glue to dry, then affix the food wrapper to the container. You can customize your look based on the look of the container and the waste that you'll be collecting.

HELP TERRACYCLE ELIMINATE THE IDEA OF WASTE BY TAKING A SECOND LOOK AT MATERIALS YOU USUALLY THROW AWAY!
