

# Zero Waste Box™ Accepted Waste Guidelines

The purpose of this document is to provide TerraCycle customers a detailed overview of the accepted waste for each TerraCycle Zero Waste Box™ available for sale on our website. The guidelines include the following information for each product:

- **Zero Waste Box™ Name:** name of product, listed alphabetically. Note the name of the box may vary depending on region.
- **Waste Stream Practical Description:** outlines the types of material and products accepted for the associated Zero Waste Box™.
- **Waste Stream Technical Description:** provides a more detailed summary of material composition and specific polymers recycled for the associated Zero Waste Box™.
- **Restrictions:** outlines any specific material not accepted for a given Zero Waste Box™.

**REGARDING HAZARDOUS MATERIAL:** It is the responsibility of the customer as the waste generator to ensure that the waste sent to TerraCycle complies with the accepted guidelines and applicable, local regulation. TerraCycle does not accept any regulated or hazardous waste for recycling, unless otherwise specified.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
#6 Rigid Plastic Cups - Zero Waste Box™	Empty and Used #6 plastic cups, Polystyrene disposable cups.	Empty and Used Disposable drink cups made of thermoplastic polystyrene (PS).	Does not accept other types of beverage containers, such as, drink pouches, drink boxes, yogurt cups, or any other food packaging, such as, plastic bags or plastic containers. Does not accept heavily soiled, contaminated, or biodegradable materials.
3D Printing Materials - Zero Waste Box™	Used Thermoplastic 3D printing spools or printing scrap	Used Thermoplastic 3D printing materials made of acrylonitrile butadiene styrene (ABS), polystyrene (PS, HIPS), polyolefins (PP, PE), polyamides (nylon), polyurethanes, and polyacrylates	Does not accept compostable plastics (e.g., PLA, PHA, PHV, PHB, etc.), 3D printer parts, 3D printers, electronics, printer cartridges, bamboo, wood, or paper materials.
Action Figures - Zero Waste Box™	Used Plastic action figures, small plastic dolls, small plastic toys, and plastic figurines.	Used toy figurines made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal.	Does not accept toy packaging, electronics, toy cars, poly-fill (plush or stuffed) toys, cardboard, paper, wood, bamboo, biodegradable, or contaminated material.
Aerosols Aerosol - SalonCycle Recycling Box	Empty and used metal aerosol cans, including, home care and personal care product cans	Empty and used aerosols made of metal (tin plated steel, aluminum).	Does not accept medical inhalers, pepper sprays, hazardous or solvent base aerosols.
Alkaline Only Battery Bucket	Any used non-rechargeable, spent alkaline batteries, including AA, AAA, 9-volt, C, D, and Dry Cell batteries.	Used Alkaline Batteries made of Steel, Zinc, Manganese, potassium, graphite, paper plastic.	Does not accept non-alkaline batteries, lithium-ion batteries, any rechargeable battery, or any electronics.
All-in-One - Zero Waste Box™	Any Brand of used and empty items, including, Fabrics, Pet Products (Non Food), Shipping Materials, Home Cleaning Accessories, Coffee Bags, Water Filters, Party Supplies & Dining Disposables, Kitchen Gear, Coffee Capsules, Books & Magazines, Office Supplies & E Waste, Art Supplies, Clothing & Accessories, Plastic & Paper Packaging.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of cellulose fiber (e.g., paper, soda lime glass, and textiles consisting of synthetic and natural fibers, and metals. String lights with LED diodes only.	Does not accept universally regulated light bulbs (fluorescent, incandescent or mercury light bulbs), rechargeable batteries, hazardous material, regulated waste (e.g., pressurized canisters, lithium-ion batteries, light bulbs, oil-based paint, solvents and pesticides), organics, broken glass, soiled diaper, biodegradable materials. Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (eg. belts, jewelry, etc.). Coated fibers, leather, fur are not accepted.
Aluminum Cans - Zero Waste Box™	All brands of empty aluminum cans, including drink cans, food cans, can tabs and tops.	Empty cans made of Aluminum.	Does not accept glass, plastic (e.g., straws, bottles, etc.), or can openers.
Art Supplies - Zero Waste Box™ Arts and Crafts Waste - Zero Waste Box™ Creative Leisure Waste - Zero Waste Box™	Any Brand of used and empty art supplies including, synthetic brushes, empty flexible plastic paint tubes, plastic bottles, plastic watercolor palettes, easels, markers, pens, or tape dispensers.	Brushes made of polyamides (Nylon), polyolefins (PP, PE), polystyrene (PS). Empty flexible tubes made of PE, PP, and Aluminum. Palettes made of PP, PS. Plastic easels made of PP, PE, PS, acrylonitrile butadiene styrene (ABS). Pens and markers made of PP, Cellulose Acetate, metal, Nylon. Tape dispensers made of PS, PP, PE.	Does not accept office supplies, such as, hole punchers, staplers, paper cutters. Does not accept wood, crayons, charcoal, natural sponges, paint, solvents, flammable substances, or sharp objects.
Automotive Small Parts - Zero Waste Box™	Any brand empty and used item used to repair, maintain, or enhance automotive vehicles (e.g., cars, motorcycles, ATVs, snow mobiles, and other motorized vehicles). This includes serpentine belts, funnels, windshield wiper blades, replacement parts, gaskets, hoses, wheel covers, exhaust systems, brake pads, license plates, covers, 100% rubber mats, automotive racks (e.g., bike racks, ski racks, roof racks, kayak racks, bumper racks) and cargo carriers.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals.	Does not accept any batteries, wood, compostable plastic, contaminated material, hazardous (sharps, flammable, reactive, corrosive, ignitable, radioactive, toxic, infectious, pathogenic, etc.) materials, lamps, bulbs, or electronic waste.
Baby Food Pouches - Zero Waste Box™ Food Bottles - Zero Waste Box™ Single Serve Beverage Packs - Zero Waste Box	Any brand of empty flexible plastic baby food pouches.	Pouches made of multi-layer thermoplastic polymers classified in the group of: polyolefins, polyesters, polyvinyl, and polyamides; may include thin Aluminum layer.	Does not accept heavily soiled, contaminated, or biodegradable materials.
Baby Gear - Zero Waste Box™ Baby Equipment - Zero Waste Box™	Any brand of empty, non-electronic baby care items, including, small or collapsable baby gear (e.g., play tables, play chairs, changing tables, diaper pails, security gates, booster seats, training potties, baby stools, baby steps, toy organizers, bouncers, jumpers, mobiles and swings), feeding bottles, pacifiers & teething, play mats, bottles, bottle caps and collars, sippy cups, plastic dishware and utensils, non-electric breast pumps, pacifiers, small plastic toys, teething rings and plastic bibs.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of fabrics (without polyfill), soda lime glass, synthetic rubber, foamed polymers, and metals.	Does not accept other types of baby-related waste, such as diapers, light bulbs, electronics, batteries, hazardous material, organics, broken glass, heavily soiled items, or compostable plastics. Does not accept bits, towels, furs, cloth diapers, or textiles that contain filling (pillows, coats, blankets).
Backpacks - Zero Waste Box™	Any brand and size backpacks and knapsacks, including, school backpacks, professional backpacks, briefcases, wheeled backpacks, hiking backpacks, messenger bags, and drawstring bags.	Used and empty backpacks made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal; and metals.	Does not accept luggages, leather (satchels, backpacks, purses), school supplies, bottles, hiking gear, heavily soiled, contaminated or hazardous materials.
Ballast Bucket	TSCA Exempt Non-PCB Lamp Ballasts	TSCA Exempt Non-PCB Lamp Ballasts only	Does not accept other Ballast types, electronics, contaminated or hazardous materials.
Bath and Shower Accessories - Zero Waste Box™	Any brand bath and shower items, including, used and empty bath and shower accessories, shower caddies, curtains, bath play toys, loofahs, soap dispensers, soap dishes, plastic bath mats, bathtub safety rails, and shower heads.	Used and empty bath and shower accessories made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters. Also, used and empty items made of metals.	Does not accept electronics, batteries, light bulbs, clay, glass, wood, bamboo, biodegradable materials, abrasive scrubbers, pumices, aerosols, solvents, cleaning chemicals, nail polish, and heavily soiled, contaminated or hazardous materials.
Bathroom Separation - Zero Waste Box™	Any non-electric bathroom items, including, Cleaning Accessories, Bath And Shower Accessories, Flexible And Rigid Plastic Packaging, Storage Containers, Personal Care Accessories, Paper Packaging, non-prescription Blister & Bottle Packaging, Fabrics & Clothing*	Used and empty bathroom items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of metals, cellulose or kraft fibers, soda lime glass, and textiles consisting of synthetic and natural fibers.	Does not accept leather, luggages, prescription drug packaging, biomedical waste or sharps, aerosols, perfumes, nail polish, acetone, paints, solvents, paper towels, any organic waste, electronics, batteries, lithium-ion batteries, light bulbs, wood, bamboo, biodegradable plastic, and heavily soiled, contaminated or hazardous materials. *Textiles may not contain filling (e.g., pillows, coats, blankets).
Battery Bucket Micro Battery Bucket	Any used batteries, including small to medium lithium & lithium-ion Batteries, C batteries, zinc carbon batteries, tire pressure monitor system (TPMS) batteries, 9-volt batteries, alkaline batteries, silver batteries, nickel cadmium batteries, nickel metal hydride batteries, and iron batteries.	Used batteries made of alkaline, steel, zinc, manganese, silver, iron, nickel, cadmium, potassium, graphite, paper, and plastic. Used small to medium sized Lithium-ion batteries (spent battery limit = 25g, 300Wh; and spent cells limit= 5g, 60Wh) Additional instructions: Larger batteries (Alkaline and carbon Zinc) must be taped or polybagged separately if over 20V.	Does not accept large lithium-ion batteries and any large rechargeable battery as well as any electronics not accepted. Does not accept any other rechargeable battery, other battery types, electronics, and contaminated or hazardous materials.
Beauty Products and Packaging - Zero Waste Box™ Cosmetics Packaging - Zero Waste Box™ Hair and Body Care Accessories - Zero Waste Box™ Bubble Skincare Packaging Recycling Solution Mad Hippie Packaging Recycling Solution Nativa SPA Packaging Recycling Solution Timeless Skin Care Recycling Solution	Any brand empty personal care, beauty care, skin care, hair care, or cosmetic packaging, flexible plastic, multilayered flexible packets, pouches, sachets, flexible plastic tubes, multilayered tubes, aluminized tubes, rigid plastic, pots, pump bottles, spray bottles, jars, complex closures, plastic bottles, lip balm tubes, soap dispensers, body wash bottles, lotion dispensers, caps, shampoo and conditioner bottles, hair gel tubes, triggers, mixed rigid packaging, lipstick cases, lip gloss tubes, mascara tubes, eye shadow cases, bronzer cases, foundation packaging, powder cases, eyeshadow tubes, concealer tubes, concealer sticks, glass containers, metal containers.	Used and empty beauty products and packaging items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of soda lime glass or metals.	Does not accept aerosols, etc.), perfume bottles, nail polish bottles, solvents, wooden eyeliner pencils, partially full / full packaging (e.g., tubes, jars and containers filled with nail-polish, lotion, soap or ointments), cardboard, wood, bamboo, biodegradable, heavily soiled, contaminated, or hazardous materials.
Bedroom Separation - Zero Waste Box™	Any non-electric bedroom items including, Luggage & Travel Bags, Eyewear & Jewelry, small Baby Gear items, Plastic Packaging, Cleaning Accessories, Personal Care Accessories, Paper Packaging, Fabrics & Clothing*, non-organic Pet Products, and Books & Magazines.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Also used and empty items made of metals, cardboard, paper, and natural or synthetic fibers.	Does not accept other bedroom waste, including, shoes, aerosols, perfumes, nail polish, chemicals, solvents, paper towels, any organic waste, electronics, batteries, lithium-ion batteries, light bulbs, wood, bamboo, biodegradable plastic, and heavily soiled, contaminated or hazardous materials. *Textiles may not contain filling (pillows, coats, blankets).
Binders and Presentation Materials - Zero Waste Box™	Any brand and size of empty binders, notebooks, uncoated cardboard displays, paper, and plastic page protectors.	Used and empty binders made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyamides, elastomers, polyesters, polyacetal. Also, notebooks made of cellulose, kraft, and metals.	Does not accept other presentation products, such as, electronics, writing instruments, art supplies (paints, oils, brushes, etc.), wood, bamboo, biodegradable plastic, heavily soiled, contaminated, or hazardous materials.
Biodegradable Plastic - Zero Waste Box™	Any brand biodegradable or compostable plastic products, including, PLA cups, knives, forks, spoons, bowls, and plates.	Disposable products made of compostable PLA, starch-based, bacteria-based, and soy-based compostable resins.	Does not accept organic substances (e.g., food waste, plants, soil, mulch, etc.), non-biodegradable plastic, paper or wood compostables.
Books, Magazines, Notebooks and Jotters - Zero Waste Box™	Any brand books, magazines and notebooks, including, Comic Books, Cook Books, Text Books, Manuscripts, Fully Bound Books, Spiral Bound Notebooks	Any used item made of cellulosic fibers.	Does not accept Writing Tools (e.g., pens, pencils, etc.), electronics (e.g., E-Book Readers), heavily contaminated, or hazardous materials.
Bottle Caps	Any brand of plastic or metal bottle caps.	Plastic caps made of Polyethylene, Polypropylene, Aluminum, Tin, or Steel.	Does not accept glass bottles, plastic bottles, liquids, or other types of beverage packaging.
Break Room Separation - Zero Waste Box™	Any non-electric break room waste items, including coffee and tea accessories (non-paper filters, tea strainers), non-biodegradable plastic dining disposables (plastic cutlery, plastic and foam cups), flexible and rigid plastic packaging (containers and bags), non-coated paper packaging, single serve coffee pods/capsules.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, elastomers, polyesters. Also used and empty items made of Aluminum, including multilayered films.	Does not accept cellulose based products and coated paper (napkins, paper towels, paper plates, tissues, coated paper packaging), electronics (unwanted coffee makers, appliances), hardware, wood, bamboo, biodegradable plastic, heavily soiled, contaminated or hazardous materials.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
<b>Candy and Snack Wrappers - Zero Waste Box™</b> Crisp Packets, Snack Packaging and Sweet Wrappers- ZWB Fullgreen Packaging recycling program Candy, Biscuit and Snack Packaging - Zero Waste™ Box Pamela's and Ancient Harvest Recycling Solutions	Any brand empty, mixed flexible plastic candy and snack packaging or wrappers, blister packaging.	Empty packaging made of flexible multilayered thermoplastic polyolefins (PP, PE), polyester (PET, PES), polyamides (PA, nylon); heavy gauge Aluminum metal. Multilayered flexible packaging that contains <40% Aluminum layer.	Does not accept paper-based wrappers, wood sticks, blister packs, food waste, or cardboard master cartons (which are typically recyclable at curbside). Does not accept heavily soiled, contaminated, or biodegradable materials.
<b>Cassette Tapes - Zero Waste Box™</b>	Any cassette tapes	Cassette tapes made of the following material families: polyesters, polystyrenes, polyolefins, polyacrylics, metals.	Does not accept electronics, tape players, tape recorders, VCRs, CD players, CDs, batteries, light bulbs, or hazardous materials.
<b>Centrifuge Tubes &amp; Rigid Lab Plastics - Zero Waste Box™</b>	Any brand of empty and non-hazardous rigid lab plastics, including centrifuge tubes, plastic bottles, trays, vials, and beakers.	Empty and non-hazardous items made of thermoplastic polymers classified in the group of: polyolefins, polyesters, and polyvinyl.	Does not accept any bio-hazardous waste plastics such as, medical waste heavily soiled or contaminated (hazardous) material; including, materials contaminated with blood or bodily fluids, materials that originate from health care activity, such as activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc., or partially full containers, tubes, bottles, sharps, broken beakers, broken vials.
<b>Cigarette Waste - Zero Waste Box™</b> Cigarette Receptacle	Cigarette filters, all parts of extinguished cigarettes, cigar stubs, outer plastic packaging, inner foil packaging, rolling paper, and ash.	Cigarette waste made of Cellulose Acetate, Tobacco, Paper, cardboard, PET, PE, Aluminum Foil.	Does not accept electronic cigarettes, smoking accessories, cigarette tips, vapes, vape pods, heavily soiled, contaminated, or hazardous materials.
<b>Cleaning Supplies and Accessories - Zero Waste Box™</b>	Empty non-hazardous cleaning items and packaging, including: plastic brooms, mops, buckets, synthetic dry cleaning pads, synthetic wet cleaning pads, dust pans, empty spray bottles, empty detergent bottles and nozzles, empty cleaning product bottles, lid tops, and dryer sheets.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polyacrylics, polyamides, polyesters. Also used and empty items comprised with metals.	Does not accept aerosol cans, solvents, other household materials, such as, drain cleaners, oven cleaners, toilet cleaners, disinfectant, degreasers, all-purpose cleaners, detergents, bleach, fabric softeners, wood, bamboo, or any biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Coffee and Tea Accessories - Zero Waste Box™</b>	Any coffee or tea associated items or packaging, including: coffee canisters, frothing pitchers, coffee measures, disc carousels, filters, carafes, non-electrical grinders, coffee presses, decanters, tea tools, tea pots, non-electrical tea makers, tea strainers, and cleaning brushes.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, Polycarbonates, polyesters. Also used and empty items made of metal.	Does not accept any coffee capsules, coffee discs, electronics (e.g. coffee makers), organics (e.g. coffee grounds, tea bags), biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Coffee Bags - Zero Waste™ Box</b> Soft Coffee Packaging - Zero Waste™ Box	Any brand and size of empty coffee bags.	Flexible plastic packaging made of polyolefins, polyesters, nylon, and aluminum foil.	Does not accept any other types of coffee packaging or waste (e.g. coffee grounds, filters, capsules, or discs), biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Coffee Capsules - Zero Waste Box™</b> Hot Beverage Capsules - Zero Waste Box™ Hot Drink Capsules - Zero Waste Box™ Beverage Capsules - Zero Waste Box™	Any brand or size coffee capsule, K-Cup®, pack, pod, or disc. The capsules do not need to be emptied or cleaned.	Beverage Capsules made of rigid thermoplastics polyolefins, and metal; flexible thermoplastics polyolefins, multilayers and coffee ground.	Does not accept any other types of beverage waste, loose coffee, coffee grinds, tea bags, electronics, coffee accessories, biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Contact Lenses and Packaging - Zero Waste Box™</b>	Any brand of contact lenses, contact lens packaging, plastic film, pods, and cardboard packaging.	Contact lens packaging made of thermoplastic polyolefins, aluminum foil, polyesters, contact lenses made of silicone.	Does not accept contact lens solution bottles, biodegradable, contaminated, or hazardous materials.
<b>Corks - Zero Waste Box™</b>	Any synthetic beverage corks.	Corks made of synthetic thermoplastic polyolefins.	Does not accept natural cork (bark), bottles, bottle caps, screw tops, foil, glass, aluminum champagne twists, contaminated or hazardous materials.
<b>Dairy Tubs and Lids - Zero Waste Box™</b>	Any brand and size of dairy tub and lid, including tubs used for yogurt, sour cream, cheese, cream cheese, butter, margarine, whipped topping, and pudding, lids, foil tops, and plastic seals.	Tubs and lids made of thermoplastic polyester, polyolefins, polystyrenes, and top or seal packaging made of polyolefins, polyesters and aluminum.	Does not accept fruit cups, plastic food storage bags, pressurized aerosol cans or containers, biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Diaper and Wipe Packaging - Zero Waste Box™</b> Synthetic Disinfectant Wipes - Zero Waste Box™	Any brand and size of empty diaper packaging and wipes packaging, including plastic diaper packaging, wipes plastic packaging, and individual wipes packaging.	Empty thermoplastic packaging made of polyolefins, polyvinyl, polyesters, polyamides, and aluminum foil.	Does not accept diapers, wipes, menstrual product packaging, adult incontinence packaging, biodegradable, contaminated, or hazardous materials.
<b>Dining Disposables and Party Supplies - Zero Waste Box™</b>	Any party and decoration item or packaging, including: single-use cups, plates, straws, or utensils (e.g., plastic, Styrofoam), storage containers, wrapping paper, ribbons, bows, tissue paper, napkins, garlands, noise makers, party favors, punch bowls, balloons, and confetti packaging.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyesters, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers. Also used and empty items made of metal or paper.	Does not accept electronics, organic waste, glassware, flatware, wood, bamboo, biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Disposable Garments - Zero Waste Box™</b>	Any brand and size of non-woven disposable garments, including: Non-woven disposable garments, non-woven disposable masks, Tyvek disposable garments.	Non-Woven garments made of polypropylene (PP), polyethylene (PE). Zippers or fasteners made of Nylon, PP, PE, and metal.	Does not accept other types of protective gear (e.g., reusable masks, eyewear, hard hats, respirators, etc.), fabrics, rubber-based garments, biodegradable plastics, medical waste, heavily soiled or contaminated (hazardous) material including, materials contaminated with blood or bodily fluids, materials that originate from health care activities, such as, activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc.
<b>Disposable Gloves - Zero Waste Box™</b>	Any brand disposable vinyl, nitrile, and latex gloves only.	Disposable gloves made of non-woven thermoplastic polyolefins (PP, PE), nitrile, latex, vinyl.	Does not accept leather, fiberglass fibers, biodegradable fibers, other types of protective gear, such as, hair nets, earplugs, and lab coats or garments. Does not accept biodegradable PLA gloves, cloth/fabric gloves, and coated or dipped gloves. Does not accept medical waste, heavily soiled or contaminated (hazardous) material including, materials contaminated with blood or bodily fluids, materials that originate from health care activities such as, activities related to medical care, physicians' offices, dental, blood banks, veterinary, research laboratories, etc.
<b>Disposable Masks - Zero Waste Box™</b> Disposable Protective Masks - Zero Waste Box™ Masks - Zero Waste Box™	Any brand non-woven disposable plastic-based masks, including 3-ply surgical, dust masks, KN95, N95 masks, and poly masks.	Disposable masks made of non-woven polypropylene (PP, PE), thermoplastic polyurethane (TPU), nitrile rubber, latex rubber, and metals.	Does not accept other types of protective gear, such as, gloves, hair nets, lab coats, garments, paper or cloth masks. Does not accept medical waste, heavily soiled or contaminated (hazardous) material, including, materials contaminated with blood or bodily fluids, materials that originate from health care activities, such as, activities related to medical care, physicians, dental, blood banks, veterinary, research laboratories, etc.
<b>Disposable Tape Dispensers - Zero Waste Box™</b>	Any plastic tape dispensers and plastic tape cores.	Plastic tape dispensers and cores made of thermoplastic polyolefins and polystyrenes.	Does not accept any non-plastic tape dispensers (metal, wood, bamboo, biodegradable plastic, etc.), cardboard, excess tape, paper, electronics, or batteries.
<b>Drink Pouches - Zero Waste Box™</b> Fuel For Fire Packaging Gush Recycling Program Haven's Kitchen Packaging Recycling Solution White Leaf Packaging Recycling Solutions	Any brand aluminized, multilayer drink pouches.	Pouches made of multi-layer thermoplastic polyolefins (PE, PP), polyesters (PET), Aluminum foil, copolymers (EVA, EVOH), or Nylon.	Does not accept heavily soiled, contaminated, or biodegradable materials.
<b>E-Waste - Zero Waste Box™</b>	Any household or office e-waste. This includes home phones, cell phones, computer cables and accessories, VCR/DVD players, hand-held computers, digital music players, pagers, radios, cameras, video recorders, printers and scanners, digital cameras, copiers, typewriters, fax machines, stereos, tuners, speakers, food processor, toaster, coffeemakers.	Used small household appliances made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, polyacetals and metals.	Do not send plastic contaminated with persistent organics pollutants, contaminated plastics, loose alkaline batteries or rechargeable batteries, compostable plastics, paper, glass, aerosols, lamps, bulbs.
<b>Ear Plugs - Zero Waste Box™</b>	Any brand and size ear plugs.	Ear plugs made of foamed thermoplastic polyurethanes, synthetic rubber, polyvinyl, and silicone.	Does not accept hair nets, gloves, lab coats, garments, heavily soiled, or contaminated materials.
<b>Eyewear - Zero Waste Box™</b> Glasses - Zero Waste Box™	Any brand and size of glasses, goggles, sunglasses, or other eye wear. This includes broken spectacles, sunglasses, glasses, ski goggles, safety glasses and swim goggles.	Used eyewear made of thermoplastic polymers classified in the group of: cellulosic acetate, polyolefins, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, polyacetals and metals.	Do not send in eyeglass chains, cases, wipes, contacts, contact solution, or eye wear cleaning products.
<b>Fabrics and Clothing - Zero Waste Box™</b> Textiles & clothing - Zero Waste Box™	All brands fabric, clothing or textile.	Clothing Textiles, and Fabrics made from synthetic and natural fibers that may have zippers, buttons and magnets.	Does not accept liners, shoes, purses, bags, hats, accessories (e.g., belts, jewelry, etc.), coated fibers, leather, fur and textiles may not contain filling (e.g., pillows, coats, blankets).
<b>Filters - Zero Waste Box™</b> Brita® Free Recycling Program Hydros Filters Recycling Solution	Any brand and size of water filters.	Water filters made of PP, ABS, Silicone, PC, PS, Activated Carbon, Ion Exchange resins.	Do not send in the device that uses the filter or any air filters.
<b>Flip Flops - Zero Waste Box™</b>	Any brand and size of flip flops.	Used flip flops made of thermoplastic polymers classified in the group of: polyolefins, EVA, polyamides, elastomers, polyesters fibers and metals.	Do not send in other types of footwear like sneakers, ballet flats, heels, dress shoes, in-line skates or ski boots, and other clothing items related to feet, such as shoelaces and socks. Leather, natural fibers not accepted.
<b>Garage Separation - Zero Waste Box™</b>	Non-recyclable and non-organic waste that is generated in your garage and outdoor areas. This includes baby gear, filters, garden products, home improvement, storage containers, paper packaging, pet products (non-food), plastic packaging, shipping materials, and sporting goods.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass.	Do not send wood, compostable plastic, contaminated material, hazardous material, batteries, tools, lamps, bulb, electronic waste.
<b>Garden Products - Zero Waste Box™</b>	Any materials, supply, or items used to maintain, grow, or decorate a garden or yard. This includes lawn ornaments, planter pots, empty garden product packaging, hoses, hose nozzles, lawn decorations, solar bells, sprinklers, plastic planters and pots and garden product packaging like empty soil bags, stone bags, mulch bags, seed bags, or sand bags.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass.	Do not send wood, compostable plastic, contaminated material, hazardous material, batteries, tools, lamps, bulb, electronic waste. Do not send in soil, brush, debris, or plants. terracotta and ceramic pots.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
Glue Sticks and Bottles - Zero Waste Box™	Any brand and size of (empty) craft glue sticks and bottles.	Empty used glue sticks and bottles made of thermoplastic polyolefins, Polyethylene terephthalate.	Do not send in industrial strength adhesives or other types of craft waste like paper, scissors, tape, or rulers. Do not send full products.
Hair - Zero Waste Box™ Human Hair - SalonCycle Composting Box	Clippings from haircuts, extensions, wigs, and weaves made from human hair.	Non contaminated human hair.	Do not send in other types of hair products, synthetic hair, or hair from animals.
Hair Nets and Beard Nets - Zero Waste Box™	Any brand and size of used hair and beard nets.	Hair nets and beard net made of Polypropylene, Polyethylene, Synthetic Rubber.	Do not send in gloves, lab coats, or garments. Do not send contaminated or hazardous material.
Hair Nets, Beard Nets and Ear Plugs - Zero Waste Box™ Mixed Beard Nets, Earplugs and Hair Nets - Zero Waste Box™	Any brand and size of used hair nets, beard nets, and ear plugs.	Hairnets and beard net made of Polypropylene, Polyethylene, Synthetic Rubber. Ear Plugs made of thermoplastic PU, Silicone, Foamed PVC.	Do not send in gloves, lab coats, or garments. Do not send in medical waste or contaminated material. Not accepted: respirators, reusable masks, eye wear.
Holiday Decorations - Zero Waste Box™	Holiday decorations including ornaments, wrapping paper, string lights, streamers, confetti, tinsel, garlands, ribbons, bows, balloons, banners, centerpieces, party hats, party blowers, plastic party glasses, costume masks, plastic pumpkins/figurines/flowers, and other decorations used for celebrations.	Used Holiday decorations, party items, and decorations for celebrations made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used item made of metal or soda lime glass. String lights with LED diodes only.	Please do not send in batteries, universally regulated light bulbs (fluorescent, incandescent or mercury light bulbs), organics, or broken glass.
Hotel Amenity Bottles - Zero Waste Box™ Hospitality Products and Hotel Cosmetics - Zero Waste™ Box	All brands and sizes of hotel amenity shampoo, conditioner, body wash, lotion, mouthwash, and aftershave bottles.	Used and empty amenities made of thermoplastic polyolefins, Polyethylene terephthalate or polystyrene.	Do not send in full products, bars of soap, razors, plastic packaging, toothbrushes, tissues, wood, compostable plastics or pressurized aerosols.
Incandescent Light Bulbs - Zero Waste Box™	Traditional, incandescent, and halogen used light bulbs. A simple test to ensure your light bulb qualifies for this Box is to shake it. If you hear the rattling of metal filament inside, the bulb is acceptable.	Light bulbs made of glass, metals, tungsten filament.	Do not send in other types of light bulbs, which includes HID, CFL, Fluorescent, LED, or any other non-incandescent bulb.
Ink and Toner Cartridges - Zero Waste Box™	Any brand and size of used ink and toner cartridge from personal or commercial printers.	Used and empty Ink and toner cartridges made of thermoplastic PS, ABS, PC, Nylon, POM, Metals, PP, PE.	Do not send in printers, printer parts, or printer accessories. Do not send hazardous materials.
Kitchen Gear - Zero Waste Box™	Any non-electronic appliance used for preserving, preparing, or serving food. This includes utensils, cups, mugs, plates, bowls, pitchers, trays, non-electric can openers, bottle openers, soap dispensers, Tupperware plastic food containers, cutting boards, pots, measuring tools, pans, skillets, grills, steamers, and strainers.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Used items made of wood only.	Do not send in any kind of bulbs, batteries, electronic waste, hazardous material, organics, broken glass, soiled diaper. Do not send in compostable plastics. Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (eg. belts, jewelry, etc.). Coated fibers, leather, fur are not accepted.
Kitchen Separation Kitchen Waste - Zero Waste Box™	Any non-recyclable and non-organic waste that is generated in the kitchen. This includes items such as plastic packaging, paper packaging, candy and snack wrappers, party supplies and dining disposables, cleaning accessories, coffee and tea accessories, water filters, and fabrics and clothing.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass, synthetic or natural textile fibers.	Do not send in any kind of bulbs, batteries, electronic waste, hazardous material, prescription drug packaging or medicine, organics, broken glass, soiled diaper. Do not send in wood, compostable plastics. Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (eg. belts, jewelry, etc). Coated fibers, leather, fur are not accepted.
Laminated Paper Packaging - Zero Waste Box™	Any cellulose coated paper packaging, plastic coated paper packaging, Silicone Coated Paper Packaging, Wax Coated Paper Packaging, and Tetrapaks.	Packaging made of mostly paper and cardboard content with thin layer coatings made of polyolefin (PP, PE), silicone, wax or foil.	Does not accept label backing, packaging with coatings >50% of its cellulose content, organic, biodegradable, heavily contaminated, or hazardous materials.
LevGo smartSpatula - Zero Waste Box™	Used LevGo smartSpatula®	LevGo smartSpatula made of PP.	We will not accept spatulas that have come in contact with substances considered to be reactive, corrosive, ignitable, radioactive, toxic, infectious, or pathogenic.
Liquid Sachets and Flexible Packaging Pouches Healthycell Zero Waste	Used and empty Liquid Sachets and Flexible Packaging Pouches	Empty packaging made of flexible multilayered thermoplastic polyolefins (PP, PE), polyester (PET), polyamides (PA, nylon); aluminium. Rigid plastic packaging made of thermoplastic polyolefins (PP, PE).	Does not accept heavily soiled, contaminated, or biodegradable materials.
Luggage and Travel Bags - Zero Waste Box™	Any brand and size suitcases, Trunks, Backpacks, Duffel Bags, Hand Bags, Tote Bags.	Used and empty luggage and travel bags made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal; textiles consisting of synthetic and natural fibers, and metals.	Does not accept other travel related waste, leather, polyfill, heavily soiled, contaminated or hazardous materials.
Media Storage - Zero Waste Box™	Any object or device capable of storing data (i.e., audio, video) in analog or digital format. This includes: records 8-track tapes, cassette tapes, CDs, DVDs, Blu Ray discs, Floppy disks, Memory sticks, External hard drives.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals.	Do not send in electronic waste, or any other packaging.
Mini CFL Bucket	Any used Circular Lights, HIDs, and Compact Fluorescent Lamps.	Used compact fluorescent lamps, HIDs, and/or circular lights.	Does not accept other light types, electronics, contaminated or hazardous materials.
Name Tags and Lanyards - Zero Waste Box™ Name Tags & Cords - Zero Waste Box™	Name tags, plastic sleeves, metal or plastic fasteners, cloth or plastic lanyards.	Used Tags made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, elastomers, polyesters, metals.	Do not send in any credit cards, items with personal information unless it has been shredded or removed.
Office Separation - Zero Waste Box™	Used Offices Items which include art supplies, books, magazines, paper, eyewear, tape dispensers, scissors, staplers, school supplies, flexible and rigid plastic packaging, textiles, electronic items such as laptops, printers.	Used and emptyitems made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of paper, soda lime glass, textile, metal or wood.	Do not send batteries, pressurised canisters, broken glass, organics, contaminated or hazardous waste.
Office Supplies	Used office supplies consisting of tape dispensers, staplers, paperclips, writing instruments, fasteners, binder clips, correction supplies, paper cutters, card filers, binders, desk organizers, label backing.	Used and emptyitems made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of metal.	Do not send electronic waste, paper-based products, organics, contaminated or hazardous waste.
Oral Care and Packaging Oral Care Waste and Packaging - Zero Waste Box™	Any brand of used and empty oral care waste. This includes toothpaste tubes and caps, toothbrushes, toothbrush and toothpaste tube outer packaging, and floss containers.	Oral care empty products and packaging made of thermoplastic polymers classified in the group of: polyolefins, polystyrene plastics, elastomers, polyamides, terephthalate polyesters, polyacrylics and polymethacrylates, polyacetals (POM) and metal; flexible thermoplastics polyolefins, polyesters, multilayers, metal.	Do not send in electronic toothbrushes, lithium-ion batteries, alkaline batteries, wood, biodegradable, or hazardous materials.
Outdoor Furnishings - Zero Waste Box™	Any type of outdoor furniture. This includes patio chairs, tables, benches, lounges, and umbrellas made from plastic, metal, wood, or wicker. Please break down larger items so they completely fit inside the Bulk Bag.	Outdoor items made of thermoplastic olefins, PET, PP,PE, PVC, PA, POM, PS, ABS, PC, various metals, wood.	Do not send in glass tops, outdoor fabrics, suchions, pillows, tools, mowers, trimmers, aerosols, bug sprays, fertilizers.
Paint Brushes and Accessories and Related Waste - Zero Waste Box™	Any brand and size of plastic paint brushes, paint trays, and other painting tools.	Used and empty painting items made of thermoplastic polymers classified in the group of: polyolefins, polyesters, polyacrylics, polyamides; also, used and empty items made of metals.	Does not accept paint tarps, oil based paint buckets, varnish cans, spray paint, wood handle brushes, roller brushes. All excess paint must be removed from items.
Party Decorations - Zero Waste Box™	Decorations such as signs, banners, balloons, party hats, and table decorations.	Used and empty Party items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, elastomers, polyrides, terephthalate polyesters, and metal; metal or paper made of cellulose fibers.	Do not send in dining disposables like paper plates, cups, utensils, or organic waste, or any item that is curbside recyclable.
Pens, Pencils and Markers - Zero Waste Box™	Any brand of used pens, pen caps, mechanical pencils, highlighters, markers, marker caps, permanent markers, and permanent marker caps.	Used and empty writing instruments made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, polycarbonates, elastomers, polyesters, polyacetal, metals.	Do not send in any type of paint brush, paint, paint tubes, crayons, charcoal pencils. Wood not accepted.
Personal Care Accessories - Zero Waste Box™	Any used and empty personal care accessory, including blow-dryer attachments (combs and diffusers), detangler bottles, gel packaging, hair dye packaging, non-pressurized hair spray bottles, pomade tins, shampoo and conditioner bottles, wax jars, plastic and metal bobby pins, plastic and metal clips, plastic brushes and combs, plastic picks.	Used and emptyitems made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, polycarbonates, elastomers, polyesters, metals.	Do not send in electronic items (e.g., blow dryers and straighteners), bio-medical or bio-hazardous waste, nail polish bottles, perfume bottles, lotion, soap, ointments aerosols, biodegradable, heavily contaminated, or hazardous materials.
Pet Food Packaging - Zero Waste Box™ A Pup Above Packaging Recycling Solution Nulo Challenger Recycling Solution	Any brand and size of used, empty flexible pouch, bag, used for packaging pet food, treats, and vitamins.	Used and empty flexible packaging made of thermoplastic polymers classified in the group of: polyolefins, polyamides, polycarbonates, polyesters, metals.	Do not send in pet toys, dishes, or grooming items.
Pet Products (Non-Food) - Zero Waste Box™	Any brand used Pet accessories like non-plush (stuffed) toys, chews, tugs, clippers, leashes, muzzles, brushes, pet bowls, and any related pet care packaging for products used to groom, maintain, and wash pets.	Used and emptyitems made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, polyacetal, metals. Also used and empty item made of paper, soda lime glass, synthetic or natural textile fibers.	Do not send in wood, compostable plastics. Textiles may not contain filling (pillows, coats, blankets, bedding, stuffed toys), liners, shoes, purses, bags, hats, accessories (eg. belts, jewelry, etc.). Coated fibers, leather, fur are not accepted.
Plastic Bottles - Zero Waste Box™	Any brand and size of empty plastic bottle.	Used and emptyitems made of thermoplastic polymers classified in the group of: polyolefins, polyesters.	Do not send in glass bottles, metal containers.
Plastic Cards - Zero Waste Box™	Any wallet-sized flexible plastic materials and cards typically intended for identification or facilitating commercial transactions. Note: Please cut up all cards containing sensitive information before sending.	Shredded cards made of PVC, PP, Magnetic materials, PET, metal chip.	Do not send in metal cards or wallets.
Plastic Grocery and Shopping Bags - Zero Waste Box™ Plastic Bags-ZWB	Empty plastic grocery shopping and non-woven bags.	Flexible empty plastic bags made of thermoplastic polyolefin.	Do not send in contaminated plastic bags (i.e. containing food waste, other type of non accepted waste), textile bags, Canvas Totes, Reusable Totes.

Zero Waste Box™ (product name may vary by market)	Waste Stream Practical Description	Waste Stream Technical Description	Restrictions
<b>Plastic Packaging - Zero Waste Box™</b>	Any flexible or rigid plastic packaging. This includes items such as: Air packaging Bubble wrap, Cereal bag liners, Food storage and takeout containers, Pallet covers, Plastic bottles, Plastic shopping bags, Plastic wrap, Shrink wrap.	Used and empty plastic flexible packaging made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, polyesters.	Do not send in biodegradable plastics, PLA plastics, plastic with paper stickers, glass, Wood packaging, Foamed Plastics and please remove food crumbs, food waste, and plastics with heavy contamination prior to sending.
<b>Polybags - Zero Waste Box™ Plastic Bags-ZWB</b>	Any used and empty polybags.	Flexible mono-layered bags. Used and empty plastic flexible packaging made of thermoplastic polymers classified in the group of: polyolefins, polyamides, polyesters.	Do not send rigid plastic containers, shrink wrap or any other plastic packaging.
<b>Power Strips and Cords - Zero Waste Box™</b>	Electronic cords, wires, and cables as well as chargers and power strips. This includes computer cords, extension cords, TV cords, telephone cords, HDMI cables, ethernet cords, cable wires, USB cables.	Used items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, polyacetal. Item made of metals are also accepted.	Do not send in batteries, electronic devices, lithium-ion batteries.
<b>Protective Eyewear - Zero Waste Box™</b>	Protective eyewear, including swimming, tanning, and safety goggles.	Used protective goggles and glasses made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal. Metallic items are also accepted.	Do not send in other types of protective gear, industrial waste, sunscreen bottles, ear plugs, gloves, or lab coats and garments.
<b>Safety Equipment and Protective Gear - Zero Waste Box™ Protective Equipment - Zero Waste Box™ Personal Protective Equipment - Zero Waste Box™ Disposable PPE - Zero Waste Box™</b>	All brands and sizes of disposable safety equipment and protective gear. This includes items such as beard nets, disposable (latex, nitrile, and vinyl) gloves, ear plugs, disposable garments, disposable masks, hair nets, safety glasses and goggles.	Used disposable protective equipment made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal.	Do not send in coated gloves, coated overshoes or biodegradable PLA items.  Do not send in medical waste. This includes material contaminated with blood or bodily fluids that originate from health care facilities, hospitals, physicians' offices, dental offices, blood banks, veterinary clinics, research laboratories, etc. Do not send in metallic items.
<b>SalonCycle Mixed Salon Waste Recycling Box</b>	Use and empty plastic and metal packaging, disposable nitrile or PE gloves, plastic and metals hair clips, disposable face masks, hair foil.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyacrylics, polyamides, elastomers, polyesters, polyacetal, metals.	Do not send any material contaminated with hazardous substances.
<b>Shipping Materials - Zero Waste Box™</b>	Any empty plastic shipping material used for packing and transport materials including: Bubble Wrap, Deflated Air Cushions, Plastic Tape Dispensers, Siliconized Paper Label Backing, Packing Foam, Siliconized Pet Label Backing, Stretch Wrap.	Empty shipping materials made of thermoplastic polymers classified in the group of: polyolefins, polyamides (Nylon), polyesters. Tape dispensers made of thermoplastic polyolefins, polystyrene and metal. Label backing made of paper with silicone laminate.	Does not accept Cardboard, Shipping Peanuts, Paper Based Padded Bubble Mailers, heavily contaminated, biodegradable, or hazardous materials.
<b>Shoes and Footwear - Zero Waste Box™</b>	Synthetic shoes and footwear, synthetic uppers and lowers, synthetic sandals, synthetic shoes, synthetic boots.	Used shoes and footwear, athletic shoes, sneakers, sandals, or boots made of thermoplastic polymers classified in the group of: polyesters, polyamides (Nylon), polyurethane, silicone, ethylene-vinyl acetate (EVA), elastane; synthetic rubber, Velcro, metal.	Does not accept skates, ski boots, shoelaces, socks, leather, wood, bamboo, biodegradable, heavily soiled, and hazardous materials.
<b>Skura Sponge Recycling Solution</b>	Synthetic Cleaning Sponges	Sponges made of Polyurethane, scouring pads made of Polyester, Nylon.	Does not accept metal scrubbers, aerosol cans, solvents, other household materials, such as, drain cleaners, oven cleaners, toilet cleaners, disinfectant, degreasers, all-purpose cleaners, detergents, bleach, fabric softeners, wood, bamboo, or any biodegradable, heavily soiled, contaminated, or hazardous materials.
<b>Soda Capsule - Zero Waste Box™</b>	Any brand of pre-packaged soda beverage capsule used in capsule-specific machines to make carbonated beverages.	Used and empty items made of thermoplastic polymers classified in the group of: polypropylene, aluminium, foil with laminated polyolefins.	Do not send in coffee, tea, or compostable capsules, coffee or tea filters, coffee grounds, electronics, or any other type of accessory for beverage making or consumption.
<b>Sporting Goods - Zero Waste Box™</b>	Any brand *clothing, or equipment used in a sport, including bats, sticks, rackets (including broken parts such as strings, bumpers, and grippers), discarded biking and skateboarding equipment such as skateboards, bicycles, wheels, brakes, protective seats, bells, baskets, accessories, rims, reflectors, and handlebar cushions and grips, fishing rods, nets, hooks, weights, scales, popped and ripped frisbees, pucks, any type of ball (e.g., basketballs, water-sport, softballs, baseballs, footballs, tennis balls, soccer balls, volleyballs, golf balls), yoga mats, blocks, bags, Velcro straps, eye-cushions, sports accessories and safety equipment, such as helmets, protective pads, resistance accessories, free weights, straps, cones, mouth-guards, whistles, jump ropes, netting, pennies, and *clothing specific to certain recreational activities like swimsuits.	Used and empty items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetal, metals. Also used and empty item made of synthetic or natural textile fibers.	Does not accept any kind of bulbs, batteries, electronic waste, hazardous material, organics, broken glass, soiled diaper, wood, compostable plastics, or heavily contaminated materials. *Textiles may not contain filling (pillows, coats, blankets), liners, shoes, purses, bags, hats, accessories (eg., belts, jewelry, etc.), coated fibers, leather, or fur.
<b>Straws - Zero Waste Box™</b>	Any used plastic straws.	Plastic straws made of PP.	Does not accept any liquid or food contents, paper straws, reusable straws (biodegradable plastic, metal), permanent glassware, permanent flatware, biodegradable, heavily contaminated, or hazardous materials, pressurised canisters, broken glass, or medical waste.
<b>Stuffed Animals - Zero Waste Box™</b>	Stuffed animals and plush toys.	Used plush or stuffed toys made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyamides, elastomers, polyesters, metals. Also used item made of synthetic textile fibers.	Do not send in electronic plush toys, toy packaging, action figures, electronic toys.
<b>Styrofoam - Zero Waste Box™</b>	Any Styrofoam	Foamed Plastics consisting of PolyStyrene.	Do not send any heavily soil Styrofoam, organic waste, any other type of plastic packaging, film, utensils, napkins, bags.
<b>Synthetic Hair</b>	Synthetic Hair	Used Synthetic hair made of thermoplastic Polypropylene and Polyester.	Do not send in human hair, pet hair.
<b>Thermostat Bucket</b>	Any used Mercury-containing thermostats and thermometers.	Used Mercury-containing thermostats and thermometers.	Does not accept other thermometer or thermostat types. Does not accept other light toys, electronics, contaminated or hazardous materials.
<b>Toys - Zero Waste Box™</b>	Any brand used toys including, non-rechargeable electronic toys, controllers, games, players, sound books, remote control vehicles, and electronic stuffed animals without batteries; toy pieces, cards, dice, game boards, packaging from board games, baby toys, building sets, stuffed animals, puzzle pieces, game pieces, action figures, and toys made of 100% wood.	Used Toy and game items made of thermoplastic polymers classified in the group of: polyolefins, polystyrenes, polyvinyl, polyacrylics, polyamides, Polycarbonates, elastomers, polyesters, cellulosic acetate, polyacetals. Also items made of metals, paper, soda lime glass, fibers, textiles, and 100% wood.	Does not accept any batteries, rechargeable or lithium-ion batteries, biodegradable, hazardous, contaminated, or dangerous materials.
<b>Trading Card Packaging - Zero Waste Box™</b>	Empty aluminized trading card packaging.	Multi-layered film packaging made of PE, PET, aluminum foil.	Do not send in other types of toys like stuffed animals, plush toys, doll houses, toy cars, or plastic packaging.
<b>Used Chewing Gum - Zero Waste Box™</b>	Used chewing gum.	Chewing gum made of Butadiene styrene rubber, PE, Isobutylene isoprene copolymer.	Do not send in any gum packaging.
<b>VHS Tapes - Zero Waste Box™</b>	VHS tapes and cassettes.	Used Tapes made of thermoplastic PS, PP, ABS, HIPS, Mylar film.	Do not send in CDs or packaging.
<b>Wrapping Paper and Accessories Gift Waste - Zero Waste Box™</b>	Any type of wrapping paper, ribbon, bows, tissue paper or party supplies such as garlands, and confetti.	Used and empty Party items made of thermoplastic polymers classified in the group of: polyolefins, polyvinyl, polystyrenes, elastomers, polyamides, terephthalate polyesters, and metal; metal or paper made of cellulose fibers.	Does not accept organics, broken glass, batteries, electronics, biodegradable, heavily contaminated, or hazardous materials.
