# COLGATE® ACCESSORIES HOLDER DIY

A cool holder for your stuff!

## MATERIALS:

- Toothpaste tube
- Suction cup

## TOOLS:

- Hole punch
- Scissors

# INSTRUCTIONS:

**STEP 1** Cut your toothpaste tube 5 inches from where the cap meets the tube, and clean out the inside.

## STEP 2

Fold over the top edge about  $\frac{3}{8}$ ths of an inch inwards, then use your fingers to smooth out any wrinkles in the tube.

## STEP 3

Use your  $\frac{1}{4}$  inch hole punch to make a hole  $\frac{3}{4}$  inches down from the folded top.

## STEP 4

Carefully push your suction cup through the hole, making sure to not tear it.

## STEP 5

Hang it on your bathroom mirror for your toothbrushes, or put some pens it and stick it next to your computer screen! The possibilities are endless!
